InnoChange WP2:
I&E education and training

Dr. Barbara Hegyi, ELTE | 1 October 2021

A body of the European Union

WP2 – OBJECTIVES

Development of a new Basic I&E Curriculum

Creativity, responsibility and entrepreneurship (3 ECTS)

Develop the entrepreneurial mindset and the innovative thinking

Improve soft skills – like cooperation, communication and ou-of-the-box thinking – through team assignments

The course will start on 15th October and end in December

Students will join from all the participating HEIs as guest students

The course will run online, asynchronously, with two live online sessions

Distributed teams will work on a common team assignment

The set of assignments will be developed by the I&E teachers' community

WP6 – ACTIVITIES

Creating teachers' community

- Teachers' community will be created and based on complementary experience

- The involved teacher's will follow the same methology and gain feedback of students together

- The live online events will be managed and designed together

- Teachers' guideline will be created based on the common experience of the part ners, the assignements developed together and theoretical recommendation provided by ELTE

OBJECTIVES of WP3

To establish **Innovation Management Task Forces (IMTF)**

(mentors and scouts)

Research interest

MAIN ACTIVITIES of the WP3

Operational Guideline (15.09.2021)

REPEAT

TRAIN

Constantly looking for opportunities

Coordinate and support commercial exploitation
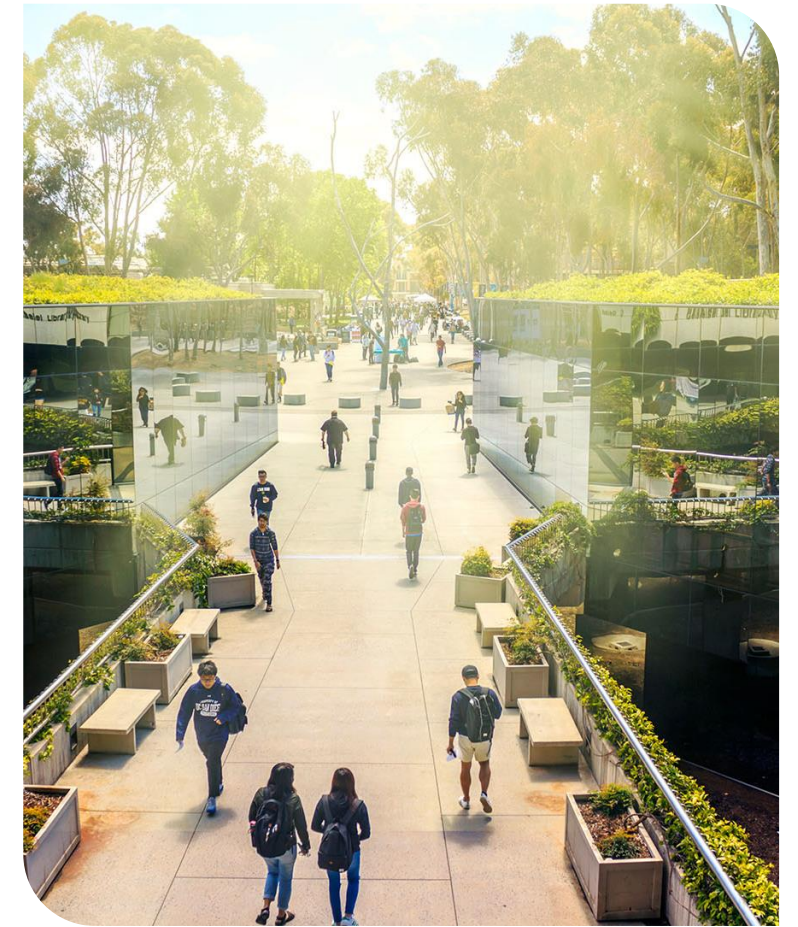

EXPECTED RESULTS of the WP3

Phase #1 (Dec 2021)

🎓 PhD students trained

👥 academic staff trained

Phase #2 (July 2023)

🎓 PhD students trained and mentored

👥 academic staff trained and mentored

🤝 start-up support

WP4 – OBJECTIVES

- Work package 4 aims to nourish entrepreneurship & innovation from idea stage to start-up and beyond, by leveraging the expertise and network of Startup Wise Guys Foundation, the non-profit arm of the leading business accelerator & early –stage investor in the Baltics

- WP4 proposed activities seek to support:

  - university academic and non-academic staff training & mentoring to enhance the entrepreneurial & innovation knowledge of InnoChange HEI partners

  - Entrepreneurial teams advance from idea stage to setting up a company, to offer best in class international mentoring to new start-up from the participating InnoChange HEI partners

Funded by the European Union

WP4 – ACTIVITIES

innochange

Upskill Workshops	Acceleration Shadowing	Startup teams access to online pre-acceleration	Hackathon Support

Design and deliver customized workshops to support innovation & entrepreneurship upskilling of HEI representatives:

- Workshop 1: "Innovation fostering techniques"

- Workshop 2: "Upskilling the next generation of digital entrepreneurs"

A series of "on the job" shadowing trainings to facilitate "learning by seeing/ doing" as part of SWG's international acceleration programs:

- HEI representatives would shadow SWG mentors and coaches on the job
- HEI representatives to also participate in select online events

Mentor promising entrepreneurial teams as part of Startup Wise Guys best in class online pre-acceleration program.

- An 8 week long international program to help new teams/ startups advance their business idea and get investment ready

Provide experienced international judges for the hackathon to be organized by the InnoChange HEI partner organisations.

eit Digital

Funded by the European Union

10

WP5 – OBJECTIVES

- to establish an Entrepreneurship Community at HEIs

- to build industry partnerships

Central role, considered as the "meeting point" - which fosters, reinforces and supports processes from the previous work packages

WP5 – ACTIVITIES

- Profiling of existing Entrepreneurial Communities and support structures across Heriot-Watt

- Training and mentoring of non-academic staff on support structures and processes for the creation of the Entrepreneurship Community

- Developing of student Entrepreneurship Digital Hub at HEIs (*create a central group on a digital platform in order to foster international student collaboration and share information about the upcoming events*)

InnoChange WP6 Transferability, exploitation, dissemination and communication

Tomas Zavatcan, UPJS | 1 October 2021

A body of the European Union

WP6 – OBJECTIVES

- to **improve overall general awareness about digital innovations**

- to **create a dialogue between institutions** dedicated to territorial development

- to **empower different entities to implement and/or engage with digital innovations, promote shared learning** and spread/ **share best practices**

WP6 will focus on maximising the project's impact, by:

- putting strong emphasis on making all lessons learned available

- ensuring efficient and broad transferability and dissemination of the results

- enabling replicability

**Funded by
the European Union**

WP6 – ACTIVITIES

- With a horizontal approach supporting all WPs:

  - Sets-up the project's identity for effective, continuous and wide dissemination of the progress and results

  - Ensures a harmonized dissemination, transferability and exploitation strategy

  - Establishes and maintains external project's communication channels for the relevant target groups (students, academia, industry communities, etc.)

  - Promotes project events/trainings among partner HEI staff and students

  - Presents project results at different events

  - Organizes Rector's Conference (phase 2)

InnoChange WP7
Inclusion and sustainability

Rositsa Doneva, PU | 1 October 2021

A body of the European Union

WP7- WHY?

To meet:

- The priorities underlying the EC's plans for **the new ERA, based on excellence**:

  - to translate science into sustainable products, services, processes and solutions that support the wellbeing of citizens and economic prosperity

  - to ensure quality and inclusive education for all

- The **InnoChange Specific Objective 2**:

    Enhance entrepreneurial spirit among academic and non-academic staff in order to establish inclusive and sustainable entrepreneurship communities at HEIs
