Welcome MESSAGES

Dr. Gábor ZEMPLÉN
Vice-Rector for International Affairs

Dear Student,

Welcome to Eötvös Loránd University! I am pleased to welcome you as one of over 5,300 international students who choose our university as their higher education institution each year. Choosing a university is an important decision, and I firmly believe you have made a wise and rewarding choice.

At ELTE, you will find a broad selection of academic programs led by outstanding faculty members dedicated to your success. Our university's longstanding commitment to excellence in teaching, research, and innovation ensures that you will receive a high-quality, intellectually stimulating education in your chosen field.

Your journey here goes beyond academics. From student clubs and sports to cultural events and volunteering, you will find numerous ways to engage with campus life and make meaningful connections. Living and studying in Budapest—a city known for its history, beauty, and vibrant cultural scene—will further enrich your university experience.

We understand that studying in a new country can be not just exciting but also challenging. That's why our staff and student support services are here to guide you throughout your time with us, from your first days on campus to graduation.

We are proud to welcome you to the ELTE community and look forward to seeing the unique perspectives and energy you will bring.

I wish you a rewarding, successful, and unforgettable time at ELTE.

Warm regards,

Dr. Gábor Zemplén

Welcome MESSAGES

Felicitations to all international students reading this. You are on the threshold of one of the most pivotal moments in your lives. A moment that will shape your knowledge, skills, personality and identity. I can feel the wonder in your eyes as you leaf through this booklet and consider the infinite possibilities and new beginnings ahead of you. I know that you are considering your inner knowledge and thinking about the new things you will be proud to know and proud to share with those that are important to you.

Salem ABOHAJAR
President
International Student
Advisory Committee

As ISAC President, I implore you to channel this wonder and allow us to help you reach your goals and aspirations. We will walk alongside you both metaphorically in supporting you as your voices and your allies but also literally in being students within those same classrooms where we will learn to surpass our credit requirements and our limits together. But this can't be done if you don't put yourself out there. I encourage you to make friends with the locals, express your woes and wishes, ingratiate yourself in the Hungarian language, the culture and the communities around you.

With the knowledge that you have made a leap of faith in joining ELTE and becoming a seeker of knowledge in a land previously unknown to you, as someone who took this leap of faith and is currently on the same path as you are, I implore you to hold on to that faith and more importantly share that faith with others. I found that what propelled me and kept me afloat during academic and other hardships were the friendships I made along the way, the mentorship and support that led me to where I am. On behalf of the ISAC team, we share that same faith that brought us here and with certainty we have faith in your journey and look forward to sharing many fabulous times with you.

We are truly excited to welcome you to ELTE—a university where your ideas, background, and ambitions are not only respected but celebrated.

As you begin this new chapter, know that you're not just joining an institution, but becoming part of a dynamic, inclusive, and student-focused community that grows stronger through its diversity.

Anna Dorottya NAGY
President
ELTE Student Union

As President of the ELTE Student Union (EHÖK), my vision is to build a university where every student feels seen, supported, and empowered—regardless of where they come from. We are committed to creating an environment where international students are not just guests, but equal members of the ELTE community. Our goal is to make sure that ELTE is not only a place to study—but a place to belong. So, step into your new academic life with curiosity, courage, and confidence. We're here to support your journey—every step of the way.

Welcome to ELTE, welcome home.

Facts and FIGURES

Hungary's most popular university

- **40,000+** students
- The best University in Hungary (CWUR 2026, QS 2026)
- Every fourth applicant chooses ELTE in Hungary
- Best university in Hungary, based on student and staff excellence (HVG national ranking)
- Market research shows that ELTE it is one of the most popular Hungarian brands

ELTE offers the widest range of higher education qualifications Hungary

- **9** faculties (Economics, Education and Psychology, Humanities, Informatics, Law, Primary and Pre-School Education, Science, Social Sciences, Special Needs Education)
- over **170** degree programmes taught in Hungarian
- over **100** degree programmes for international students (no Hungarian required)
- international students from more than **120** countries

Hungary's largest scientific establishment

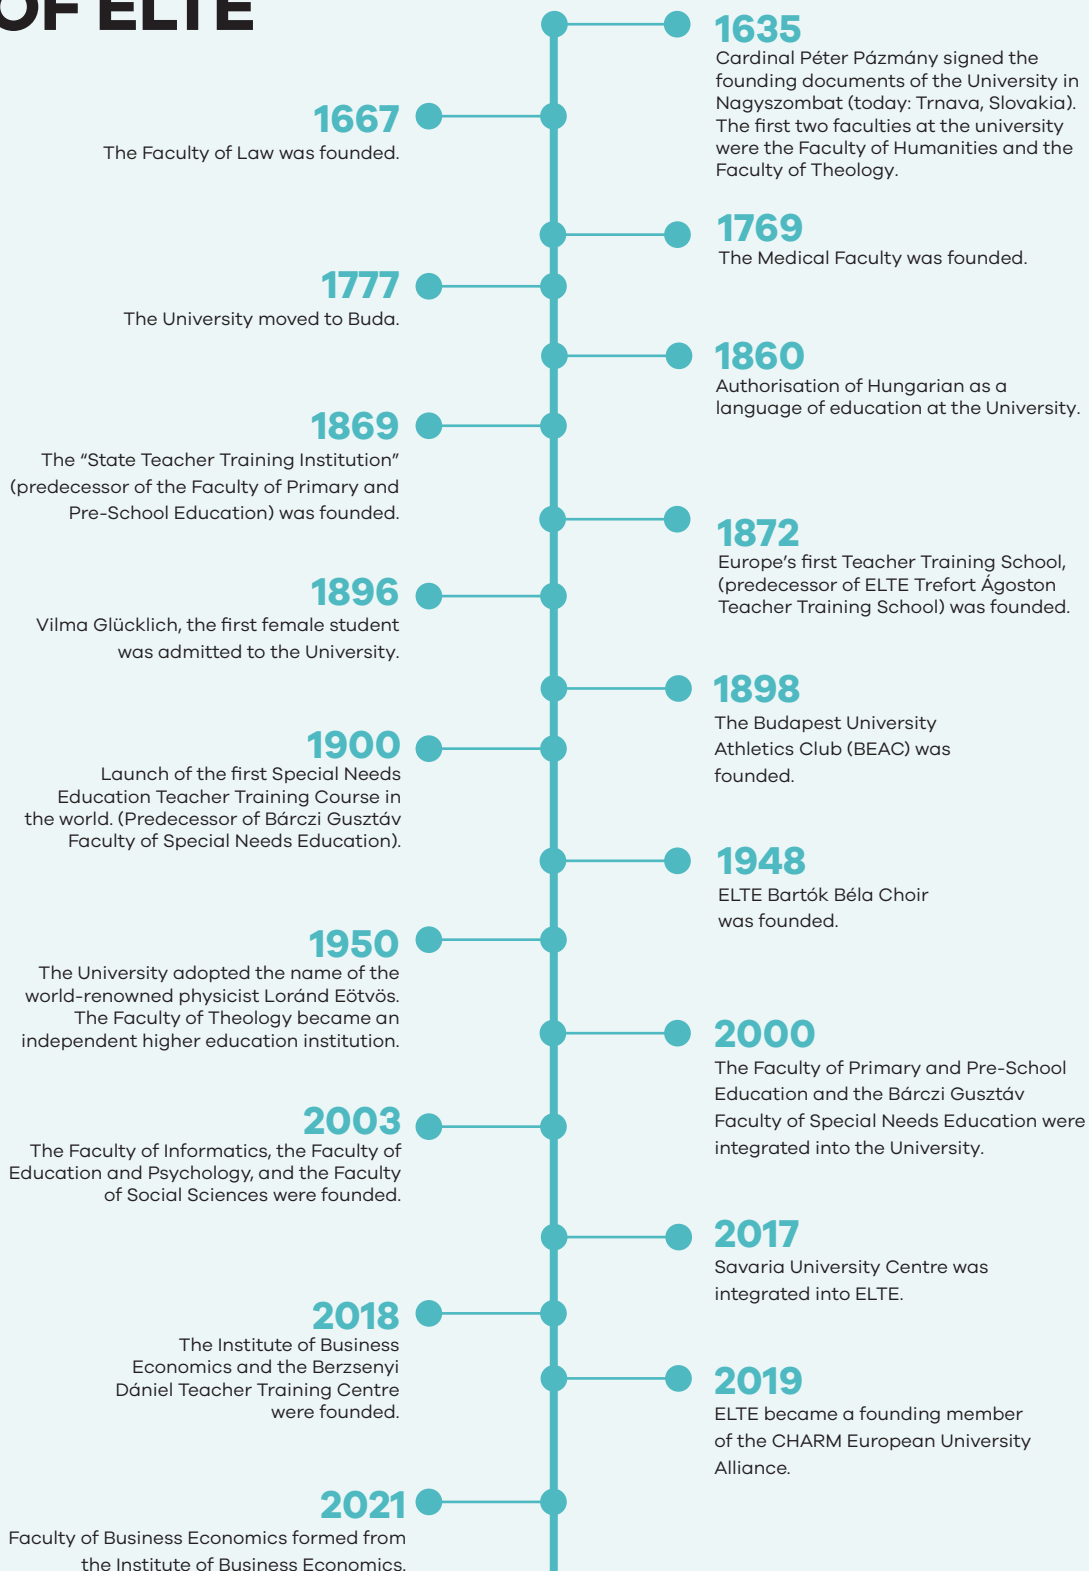

- **71** members of the Hungarian Academy of Sciences (20% of all members of the Academy) are linked to ELTE
- **17** Doctoral Schools, **127** Doctoral Programmes
- **7** Colleges for talented students

EÖTVÖS LORÁND

Short History OF ELTE

Nobel Prize Laureates

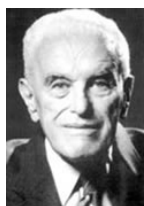

AT ELTE

Did you know?

ELTE has six Nobel Prize laureates among its alumni

László Krasznahorkai, ELTE alumnus was awarded the Nobel Prize in Literature in 2025 for his compelling and visionary work that reaffirms the power of art amid apocalyptic turmoil.

János Harsányi, ELTE alumnus was awarded the Nobel Memorial Prize in Economic Sciences. He is best known for his contributions to the study of game theory and its application to economics, specifically for his developing the highly innovative analysis of games of incomplete information, so-called Bayesian games.

György Békésy, ELTE alumnus was awarded the Nobel Prize in Physiology and Medicine for his research on the function of the cochlea in the mammalian hearing organ for his research on the function of the cochlea in the mammalian hearing organ. so-called Bayesian games.

György Hevesy, ELTE alumnus was awarded the Nobel Prize for Chemistry for his key role in the development of radioactive tracers to study chemical processes such as in the metabolism of animals.

Albert Szent-Györgyi, ELTE alumnus was awarded the Nobel Prize in Physiology and Medicine. He is credited with discovering vitamin C and the components and reactions of the citric acid cycle.

Fülöp Lénárd, ELTE alumnus was awarded the Nobel Prize for Physics 1905 for his research on cathode rays and the discovery of many of their properties.

Academic System

AT ELTE

ELTE is an internationally recognised higher education institution, and its programmes are accredited by the Hungarian Accreditation Board. Degrees issued by Eötvös Loránd University are acknowledged worldwide, and its course credits are transferable in all countries in the European Union.

Eötvös Loránd University, and Hungarian higher education in general, have joined the Bologna Process. Accordingly, the consecutive training cycles of higher education leading to a tertiary degree are *alapképzés* (Bachelor's programme), *mesterképzés* (Master's programme) and *doktori képzés* (Doctoral programme). Bachelor's and Master's courses are taught in consecutive cycles, in the form of separate BA and MA programmes, or in cases specified by

Structure of Studies

Students studying in Bachelor's and Master's programmes complete their studies by passing a final examination. The final examination may consist of the defence of the Bachelor's or Master's thesis, and additional oral, written or practical examinations.

First/Second Degree (Two-Tier) Programmes

The first higher education degree is the *alapfokozat* (Bachelor's degree) along with a professional qualification. A Bachelor's programme involves obtaining 180-240 credits. The length of the programme is 6-8 semesters.

The second higher education degree is *mesterfokozat* (Master's degree) along with a professional qualification. The Master's programme is built on a Bachelor's programme: you need to have a Bachelor's degree to start a Master's programme, which involves obtaining 60-120 credits. The length of the programme is 2-4 semesters.

Integrated "Long" (One-tier) Programmes

A unified one-tier programme leading to the *mesterfokozat* (Master's degree) lasts 10-12 semesters and requires the completion of 300-360 credits. Mainly religious education, arts, medicine and health sciences programmes belong to this category and specific Master's courses such as law and teacher training.

Doctoral Programme

Built on a Master's programme and a Master's degree, the *doktori képzés* (Doctoral programme) involves at least 240 credits. Since September 2016, the programme is 8 semesters (4 years) long. Following a Doctoral programme, in a separate degree procedure, the academic degree "Doctor of Philosophy" (abbreviation: PhD), in arts education "Doctor of Liberal Arts" (abbreviation: DLA), or in business training "Doctor of Business Administration" (abbreviation: DBA) may be awarded. In the case of an exceptionally talented applicant, doctoral training is accessible even with a degree obtained in a bachelor program and a professional qualification.

ECTS Credit System AND GRADING

The Hungarian academic credit system, in line with the relevant Hungarian law, is ECTS-compatible. The calculation of credits is based on the number of academic hours completed by students (one credit equals 30 academic hours on average).

At the end of the semester, the assessment of knowledge is generally carried out according to a five-grade scale: excellent **(5)**, good **(4)**, satisfactory **(3)**, pass **(2)**, and fail **(1)**; a three-grade scale: excellent **(5)**, average **(3)**, unsatisfactory **(1)** or a two-grade scale: completed **(5)**, not completed **(1)**.

The ECTS conversion table ensures transfer procedures between the Hungarian academic credit system and the ECTS. The recognition of courses completed abroad is based on the credit transfer regulations. For incoming international students, a Transcript of Records is issued at the end of the semester, which contains the code and title of the completed courses, credits, grades, and the ECTS-compatible grades.

System of Assessment: ECTS Conversion Table

ELTE grades	Equivalent ECTS grades
5 (excellent)	A, B (excellent, very good)
4 (good)	C (good)
3 (satisfactory)	D (satisfactory)
2 (pass)	E (sufficient)
1 (fail)	FX, F (fail)

- 1 full academic year = 60 credits
- 1 semester = 30 credits

International STUDENTS AT ELTE

About 5,300 international students from more than 120 different countries study at ELTE.

Full-degree bachelor's, master's and doctoral students undertake their entire course of studies here. In addition to self-funded students, Hungarian governmental scholarship holders (studying under the Stipendium Hungaricum Programme, the Scholarship Programme for Christian Young People and the Hungarian Diaspora Scholarship Programme) also obtain their degrees at ELTE.

Erasmus+ students come from a European university with whom ELTE has an Inter-Institutional Agreement for a study period of one or two semesters.

Erasmus+ international credit mobility students come from non-EU universities with whom ELTE has a bilateral exchange agreement for a study period of one or two semesters.

Further incoming mobility students study at ELTE for one or two semesters within the framework of institutional bilateral agreements, via ELTE's membership of university networks, or further (mainly governmental) scholarship programmes (e.g. CEEPUS, Hungarian State Scholarships, Visegrad Fund).

ELTE Summer University participants visit ELTE for summer programmes organised at ELTE.

About Hungarian Governmental SCHOLARSHIPS

STIPENDIUM HUNGARICUM PROGRAMME

(partial studies are also available)

Stipendium Hungaricum (SH), established in 2013, is the most prestigious Hungarian higher education scholarship programme, offering a wide range of study programmes for international students with excellent academic track records. The scholarship aims to support the internationalisation of Hungarian higher education and its constant development, and to strengthen the international relations of the academic and research community, as well as to promote the good reputation and competitiveness of Hungarian higher education throughout the world.

It is based on bilateral education agreements between Hungary and the governments of the sending countries and is already available on five continents in almost 100 countries and territories, attracting thousands of international students each year worldwide. ELTE is expecting to welcome around 630 of these students who start in the 2026/2027 academic year. This means that we expect about 1,700 Stipendium Hungaricum students to be studying here, which is 4% of the whole community and close to 30% of international students.

The Students at Risk sub-programme is an addition to the Stipendium Hungaricum Scholarship Programme; its goal is to provide assistance to Ukrainian students and doctoral candidates fleeing the war in their country. The sub-programme provides scholarships for studies in Hungarian higher education institutions.

Stipendium Hungaricum Sports Scholarship is another sub-programme, whose purpose is to provide support for the studies of foreign students with internationally recognized sporting achievements in Hungarian higher education institutions, and for their participation in competitive university sports and non-university competitive sports, as well as to assist the development of sporting life in Hungarian higher education.

stipendiumhungaricum.hu/about/

SCHOLARSHIP PROGRAMME FOR CHRISTIAN YOUNG PEOPLE

The Scholarship Programme for Christian Young People (SCYP) was founded in 2017. The core mission of the SCYP is to provide opportunities to pursue higher education studies in Hungarian host institutions for young Christians who live in crisis regions of the world or who are being persecuted in their home countries because of their faith.

After completing their studies, scholarship holders can become catalysts for development in their own countries and contribute to building capacities and strengthening resilience at the local level with the knowledge they have acquired in Hungary.

The programme welcomes students country-wide from nine different countries: Syria, Pakistan, Iraq, Israel and Palestine, Lebanon, Nigeria, Kenya, Egypt, Ethiopia, Armenia and Nicaragua - students studying at ELTE come from 5 different countries.

Website:

elte.hu/en/current-students/christian-young-people
hungaryhelps.gov.hu/about-the-programme

HUNGARIAN DIASPORA SCHOLARSHIP PROGRAMME

The Hungarian Diaspora Scholarship was established for those who belong to the Hungarian diaspora outside Europe and wish to study at a Hungarian higher education institution to develop their personal, professional, and cultural ties with Hungary.

The programme aims to support the professional advancement of the scholarship holders with high-quality Hungarian higher education in addition to improving their Hungarian language skills and strengthening their Hungarian identity. After graduation, scholarship holders will return to their home country with competitive skills and knowledge that will enable them to support their community, preserve Hungarian values, and reinforce the links between the diaspora and Hungary.

ELTE welcomed the first Diaspora Scholarship holder student in 2021/2022. By accepting about 40 new students in the upcoming academic year, the whole number of participants will reach nearly 100.

Academic CALENDAR

SEMESTER 1 (AUTUMN)

Autumn registration period	31 August - 6 September 2026 (Monday-Sunday) (check Faculty notices)
Orientation Week (for international students, in English)	31 August - 4 September 2026 (Monday-Friday)

Study period

First day of the academic year	7 September 2026 (Monday)
Autumn break (no classes)	26 October - 1 November 2026 (Monday-Sunday)* • All Saints' Day: 1 November 2026 (Sunday)
Holidays (no classes)	National holiday: 23 October 2026 (Friday)
Last day of the teaching period	12 December 2026 (Saturday)*

Examination period

First day	14 December 2026 (Monday) No exams take place on: • Christmas Eve: 24 December 2026 (Thursday) • Christmas (no class): 25-26 December 2026 (Friday-Saturday) • New Year's Day: 1 January 2027 (Friday) Important! International offices are usually closed during the Christmas holiday!
Last day	30 January 2027 (Saturday)*

W: elte.hu/en/academic-calendar

SEMESTER 2 (SPRING)

Spring registration period	Until 7 February 2027 (Sunday)
Orientation Week (for international students, in English)	4-8 February 2027

Study period

First day of the teaching period	8 February 2027 (Monday)
Spring break (no classes)	30 March-3 April 2027 (Tuesday-Saturday) No classes are held on: • Good Friday: 26 March 2027 (Friday) • Easter Sunday: 28 March 2027 (Sunday) • Easter Monday: 29 March 2027 (Monday)
Holidays (no classes)	• National holiday: 15 March 2027 (Monday) • Labour Day: 1 May 2027 (Saturday)
Pázmány Day	7 May 2027 (Friday)
Last day of the teaching period	15 May 2027 (Saturday)*

Examination period

First day	17 May 2027 (Monday) No exams take place on: • Pentecost: 16-17 May 2027 (Sunday-Monday)
Last day	3 July 2027 (Saturday)*

*Saturdays only concern correspondence and evening study programmes.

Administrative To-Dos

Please read the following information carefully to see what you need to arrange before you leave your country and right after you arrive at ELTE.

It is very important that you **always read the emails and Neptun messages you receive from your Faculty Coordinator carefully** because these emails contain the most important dates for all administration you need to do at the Faculty, such as enrolment, registration, faculty orientation events, etc.

Besides the necessary to-do's listed below, you can read more on further [practical matters](#) and [university life](#) on the website.

To-Do List

BEFORE YOU ARRIVE AT ELTE

CHECK THE [ACADEMIC CALENDAR](#) (p. 21),

where you can see the semesters and the registration, study and examination periods as well. For administrative deadlines, please visit the [Neptun system](#).

For faculty-specific information, please also check all emails and Neptun messages you receive from your [Faculty International Coordinator](#) who sends you the schedule about the orientation events and administrative to-do's before and after your arrival.

CONTACT YOUR FACULTY INTERNATIONAL COORDINATOR (p. 101, Appendix B)

While you are here at ELTE and before you arrive in Hungary, you can turn with your questions and issues to the international office of your faculty. At every faculty you can also find a Stipendium Hungaricum Coordinator who will help you during your time at our university.

Before you arrive, your Faculty International Coordinator sends you all information you need about the enrolment or registration as well as orientation events at the faculty (with links, schedule, date, etc.)

ASK FOR A MENTOR (p. 50)

An English-speaking local student mentor (a member of the student organisations ESN ELTE (Erasmus Student Network ELTE) or Stipendium Hungaricum Mentor Network (SHMN)) will help you find your way at ELTE and in Budapest. Your local student mentor is available for you throughout the whole period of your stay at ELTE and also prior to your arrival. Contact ESN ELTE or SHMN and ask for a mentor before your arrival.

esnelte.hu/mentorsystem
shmentor.hu

In case you are a Diaspora scholarship holder, please contact the Diaspora Mentoring Programme, which is an organisation coordinated centrally for all universities in Hungary.

diaszporamentor.hu

ARRANGE YOUR VISA APPLICATION (p. 34)

Citizens of the states of the European Economic Area (EEA) are entitled to enter the territory of the Hungarian Republic in possession of a valid identity card or passport and may stay, for up to 90 days, without any special authorisation.

If your stay is going to exceed 90 days, you have to apply for a **Registration Certificate** during the first 90 days on the Enter Hungary website of the National Directorate-General for Aliens Policing: enterhungary.gov.hu

If you are a student from a non-EEA country, you need to obtain a **residence permit for the purpose of study**. First, you need to check if you need a visa to enter Hungary or you are coming from a visa-waiver country. If you need a visa to enter Hungary, you have to submit the residence permit application form at the Hungarian Consulate or at other locations authorised to issue residence or nationality permits. You are strongly advised to apply for the residence permit for the purpose of study in your home country as soon as you receive the Letter of Acceptance, but at least two months before arriving in Hungary. With this procedure, you are also applying for the residence permit visa (D-visa) which allows you to enter Hungary only once and stay for 30 days before receiving your residence permit. If you come from a visa-waiver country, you may arrive in Hungary and stay here legally for 90 days. After your arrival, you have to apply online for a residence permit for the purpose of study on the Enter Hungary website of the National Directorate-General for Aliens Policing: enterhungary.gov.hu

GET YOUR NEPTUN ID AND PASSWORD

Neptun is the electronic registry system at ELTE where you can register for your lectures and exams, follow the results of your courses and financial matters, and communicate with your fellows and professors via Neptun. Most new incoming international students receive their Neptun ID (also called “Neptun code”) via email from their International Faculty Coordinators already before arrival. After you have the Neptun ID, you can create a password electronically here. Please check the “Help” menu and get familiar with the Neptun system.

Neptun system: Enrolment (for degree-seeking students) / Registration (for non-degree seeking exchange students)

Enrol if you come to study on a degree programme with the intent to earn a degree from ELTE.

Register if you come to study at ELTE as a non-degree-seeking, exchange student.

Enrolment: If you are a new degree-seeking student, your student status will be established by enrolment, which is therefore a compulsory procedure consisting of two parts: an electronic and a personal administration section. If the personal data given during the enrolment procedure are correct and you have received your Neptun ID (also called “Neptun code”) in advance, you can start the electronic part before leaving your home country. Check the list of documents you have to bring with you for the procedure (originals are needed!). If you have any questions, please contact your Faculty Coordinator.

Registration: If you are an exchange student (e.g., Erasmus student, CEEPUS student) at ELTE, please ask your Faculty International Coordinator to help you with the registration process. It is

important that you register so that your Faculty Coordinator can arrange your official student status in the “Neptun” online registry system at ELTE before your arrival.

ARRANGE TRAVEL AND HEALTH INSURANCE TO COVER YOUR JOURNEY AND THE PERIOD UNTIL YOU ENROL AT ELTE (p. 40)

Please make sure you have travel and health insurance for the time of your travel to Hungary, as well as for the period until you obtain and receive your insurance from ELTE in September.

If you are an EEA student, please apply for an EHIC card (European Health Insurance Card) from your health insurance provider in your home country before you leave home. Additionally, we recommend that you arrange a private health insurance too, as EHIC might not cover all costs that may arise. ELTE has an option for you, but of course you can choose another company.

If you are a non-EEA student, please be aware that you have to take care of your own health insurance even before leaving your country, at least for the time of travel. After your arrival, you have to arrange your health insurance for the semesters you spend at the university. Again, ELTE offers you a specific private health insurance package, but of course you can choose a different company, in case that one does not suit your needs.

If you are a student with a scholarship offered by the Minister of Education or Foreign Affairs in Hungary, you are entitled to a social security card (in Hungarian “TAJ card”) with your social security number (“TAJ number”) on it that enables you to use public healthcare services.

Read details about health insurance available during your studies [here](#).

ARRANGE YOUR TRAVEL TO HUNGARY

Please arrange your travel to Budapest, Hungary so that you arrive before the academic year starts (or preferably, before the Orientation Week).

First day of tuition: 7 September 2026

ARRANGE ACCOMMODATION IN BUDAPEST (p. 60-61)

As an international student, you can apply for a place at one of the ELTE dormitories available

for international students. Alternatively, you can ask the Housing Office for help in finding an apartment in the private market through the qualified real estate agency partners of ELTE.

EQUAL OPPORTUNITIES

For ensuring equal opportunities, you can also contact the University's Disability Center for help in case you have special needs, which center offers direct and indirect services to any ELTE citizens. Make sure that you have your documents that prove your chronic illness or disability in English or translated into Hungarian with the signature and the stamp of the document provider before your arrival.

More information: <https://www.elte.hu/en/equal>

READ THE ACADEMIC REGULATIONS AT ELTE AND THE GUIDE OF YOUR RESPECTIVE SCHOLARSHIP PROGRAMME

As a student enrolled at ELTE, you need to know all your rights and obligations. Please read the academic regulations at ELTE carefully and make yourself familiar with your rights and obligations. Also, please read all additional information that is relevant to your scholarship.

[elte.hu/en/regulations](https://www.elte.hu/en/regulations)

Read the operational regulations for the Stipendium Hungaricum Programme (only for Stipendium Hungaricum students)

As a Stipendium Hungaricum scholarship holder, you need to know the special regulations that apply for Stipendium Hungaricum scholarship holders. Be aware that the programme's rules might be stricter in some instances than the general university rules. Being a scholarship holder means additional obligations and special rules might apply. Please read carefully all related documents and information here (see "[More information](#)").

Read the operational regulations of the Scholarship Programme for Christian Young People (only for students of the Scholarship Programme for Christian Young People)

As a SCYP scholarship holder, you need to know the special regulations that apply for the scholarship holders. Be aware that the programme's rules might be stricter in some instances

than the general university rules. Being a scholarship holder means additional obligations and special rules might apply, please read carefully all related [documents and information](#).

Read the operational regulations of the Hungarian Diaspora Scholarship Programme (only for students with this scholarship)

As a Hungarian Diaspora Scholarship holder, you need to know the special regulations that apply for the scholarship holders. Be aware that the programme's rules might be stricter in some instances than the general university rules. Being a scholarship holder means additional obligations and special rules might apply, please read carefully all related [documents and information](#).

SIGN UP FOR A HUNGARIAN LANGUAGE COURSE ALREADY IN THE SUMMER (p. 49)

ELTE offers Hungarian language courses for international students both in the summer and during the semester. Check out the ELTE Summer University of Hungarian Language and Culture and the courses offered during the semester if you would like to learn Hungarian.

Stipendium Hungaricum (SH) Scholarship Programme: Scholarship holders are required to attend a Hungarian as a foreign language and culture course (MID course) at ELTE in the first year of their studies in the SH Programme.(MID course) at ELTE in the first year of their studies in the SH Programme.

Scholarship Programme for Christian Young People (SCYP): Scholarship holders are required to attend a Hungarian as a foreign language and culture course (MID course) at ELTE in the first year of their studies in the SCYP Programme.

Hungarian Diaspora Scholarship Programme: Students who attend study programmes conducted in English or any other foreign languages are – with some exception – required to attend a Hungarian as a foreign language and culture course offered at ELTE (covered by the scholarship) during their whole study period. See further details here: Hungarian as a foreign language and culture course.

SIGN UP FOR THE WELCOME CEREMONY HELD DURING THE ORIENTATION WEEK (p. 42)

We strongly advise you to attend the [Orientation Week](#) organized for international students at ELTE. Make sure that you arrive before the Orientation Week.

As the number of the seats is limited, registration is needed for the Welcome Ceremony. Please also check the [faculty-specific programmes](#) here (e.g., Faculty Welcome, campus tours, programme-specific events).

FINALISE YOUR TASKS AT [APPLY.ELTE.HU](#) (ONLY FOR SELF-FUNDED STUDENTS)

Check all your tasks at [apply.elte.hu](#) and get ready to travel to Hungary and start your studies at ELTE.

FOLLOW ELTE ON SOCIAL MEDIA

We recommend that you follow us on our English-language social media channels.

To-Do List

AFTER YOU ARRIVE AT ELTE

It is very important that you **always read the emails and Neptun messages you receive from your Faculty Coordinator carefully** because these emails contain the most important dates for all administration you need to do at the Faculty, such as enrolment, registration, faculty orientation events, etc.

Besides the necessary to-do's listed below, you can read more on further [practical matters](#) and [university life](#) on the website.

MEET YOUR MENTOR (p. 50)

When you arrive at the airport or your accommodation, contact your [local student mentor](#) who can show you around the campus and the city.

GET YOUR NEPTUN ID AND PASSWORD (p. 32)

Most new incoming international students receive their Neptun ID (also called "Neptun code") via email from their International Faculty Coordinators already before arrival. After you have the Neptun ID, you need to create a password [electronically here](#) before arrival.

If you have no Neptun ID or Neptun password yet upon arrival, you need to arrange it as soon as you can after arrival.

CHECK IN AT YOUR FACULTY COORDINATOR: REGISTRATION AND ENROLMENT

For non-degree seeking, exchange students: Registration at ELTE

Your Faculty Coordinator will:

- help you register at ELTE and for the semester as well;
- set your status as "active" in the Neptun electronic registry system;
- give you your Neptun code;
- give you a certificate to prove that you have student status at ELTE.

CHECK IN AT YOUR FACULTY COORDINATOR: REGISTRATION AND ENROLMENT

For degree-seeking students: Enrolment at ELTE

If you are a degree-seeking student, check the enrolment information of the FACULTY. Enrolment: the procedure is compulsory and consists of two parts, an electronic and a personal administration section. With your Neptun ID and password, you can arrange the electronic part already before you arrive at ELTE.

It is important that you check the emails you receive from your Faculty Coordinator, as the organization and scheduling of the in-person enrolment and registration might be organized differently at different faculties.

In general: Log in to Neptun to register for the next semester and print the “enrolment package” (consisting of different forms and declarations). If you have any problems with this, please contact your Faculty Coordinator. The personal part can only take place after the electronic part, as the documents produced during the electronic part have to be signed and handed in. Do not forget to bring the necessary documents with you for the personal part. If you have a scholarship, as part of the enrolment you also have to sign the scholarship agreement; if you are a self-financed student, you have to sign an educational agreement.

REGISTER FOR THE COURSES

Log into Neptun with your Neptun code and password and you can sign up for the courses of the upcoming semester. Check the deadlines for Neptun administrative procedures, including course registration, [here](#).

ELTE offers Hungarian language courses for international students during the semester. When you sign up for your mandatory courses, you can also sign up for these as optional ones.

REQUEST A RESIDENCE PERMIT (p. 35-36)

Read details about the visa / residence permit [here](#).

If you have traveled to Hungary visa-free, you need to apply for a residence permit for the purpose of study online, on the Enter Hungary website.

If you traveled to Hungary with a D-visa and already applied for the residence permit at the Hungarian embassy/consulate in your home country, you only need to receive your residence permit. All residence permits for the purpose of study are sent to the address of the university by post. You can receive your residence permit at the [ELTE Quaestura Office](#) shortly after it arrives. Please wait for a Neptun notification from Quaestura with the time and place to receive your card.

Citizens of the states of the European Economic Area (EEA) are entitled to enter the territory of the Hungarian Republic in possession of a valid identity card or passport and may stay, for up to 90 days, without any special authorisation. If your stay is going to exceed 90 days, you have to apply for a Registration Certificate during the first 90 days on the [Enter Hungary website](#) of the National Directorate-General for Aliens Policing.

REQUEST A STUDENT IDENTITY CARD (p. 33)

After your arrival and enrolment, you can obtain a Student Identity Card or a Temporary Student Certificate depending on the length of your studies at ELTE, at [Quaestura Office](#).

REGISTER AT THE ELTE UNIVERSITY LIBRARY (p. 45)

As an enrolled student at ELTE, library registration is free and valid for one semester. Your Student Identity Card serves as your library membership card, so please bring it with you, along with your identification documents, when you register. Please remember to bring your student ID with you whenever you visit the library. If you are an ELTE student, you can also register online using the ELTE Library WebApp after logging in to NEPTUN. The registration process started online becomes finalized during your first in-person visit to the library, when you present your documents in person.

ARRANGE HEALTH INSURANCE FOR YOUR STAY IN HUNGARY (p. 40)

Make sure that you have a **health insurance** that you can use for health care services during your stay in Hungary.

Students holding a Hungarian governmental scholarship are entitled to receive a social security card, called a "TAJ" card. Please follow the **instructions on how to request a TAJ card**.

OPEN A HUNGARIAN BANK ACCOUNT (mandatory for students with a scholarship funded by the Hungarian Government) (p. 95)

In order to receive the scholarship, you need to **open a Hungarian bank account** and register it in the Neptun system. If you do not register your Hungarian bank account number in the Neptun system, your scholarship cannot be transferred to you.

REQUEST A TAX IDENTIFICATION NUMBER AND CARD (mandatory for students with a scholarship funded by the Hungarian Government) (p. 95)

The National Tax and Customs Administration of Hungary issues the **Tax Identification Number and Card**. Please contact any of their offices. If you do not register your Tax ID number in the Neptun system (ask the Quaestura Office for help in registering), scholarships cannot be transferred to you.

Quaestura

OFFICE OF STUDENT SERVICES

After your arrival in Hungary, you need to complete some administrative procedures in order to begin your studies at ELTE. The Quaestura Office will give you a helping hand during the administrative procedure.

Services provided by the Quaestura Office:

- Student Identity Card management
- Acceptance of Student Loan Contract
- Providing the Neptun code/user name and password for students and professors
- Health insurance management (for scholarship holders and self-financed students)
- Social Security Card (TAJ card) management
- Giving out residence permits issued by the immigration office
- Providing information regarding finances
- Providing Certificate of Student Status
- Recording and correcting personal data in the Neptun system

Website: neptun.elte.hu/Qter

Quaestura Office of Student Services

1053 Budapest V, Egyetem tér 5 (central office)

1117 Budapest XI, Pázmány Péter sétány 1/A (Q-Point at Lágymányos Campus)

Neptun, the Electronic Registry System AT ELTE

Neptun is the electronic registry system at ELTE, which makes the administration of your studies easier and faster. You can register for the semesters, apply for your courses and exams, follow the results of your courses and financial matters, receive official notifications, and communicate with your fellow students and professors via Neptun.

When you visit neptun.elte.hu, click on 'Log in' on the top right corner of the page. Then type your Neptun ID (6 characters) as the 'Identifier' and your password. Two-step authentication is required to log in to Neptun, which requires a second step after entering the Neptun ID and password. After logging in click on 'Student web' on the top of the page.

A short video on how to use the interface is available [here](#).

For more information on how to obtain a Neptun ID, please contact your faculty coordinator. After you have the Neptun ID, you can create a password using this website: neptun.elte.hu/Account/NewPassword. After you arrive at ELTE, you can also request your Neptun password in person at the Quaestura Office.

Please read the "Neptun User Guide For Students", which you can download from the opening page of Neptun by clicking on 'Help' on the top at the page.

Website: neptun.elte.hu

Student IDENTITY CARD

Your Student Identity Card or Student ID will certify that you are a student of ELTE and will make you eligible for student discounts in several places (e.g. a monthly pass for public transportation, museum tickets, etc.). It is strongly recommended that you request a Student Identity Card for yourself once you arrive in Hungary. Remember, first you have to enrol at the faculty; only then are you eligible for a Student ID from the first day of the study period (7 September 2026).

For students studying at ELTE for less than 12 months: Temporary Student Certificate

To get your temporary Student ID document, valid from the first day of the study period (7 September 2026), please visit the Quaestura Office with your passport. The Temporary Student Certificate is valid for 60 days and you need to renew it after 60 days at the Quaestura Office. You can also initiate a request to obtain a permanent student card – this is optional.

For students studying at ELTE for more than 12 months: Plastic Student Card

If you are a student staying at ELTE for more than 12 months (e.g. a full-time student), you need to request a permanent student card. This is a plastic orange-brown card, similar in size to a bank card.

Obtaining a Student Card (the main steps)

- First, you need to visit one of the offices of the Hungarian Integrated Government Customer Service (in Hungarian "Kormányablak"). Since staff members are not required to speak English in these offices, you need to ask your mentor to help with this step.
- The official of the Integrated Government Customer Service will ask you **to register in the system** there and **will take your photo** for your Student Identity Card.
- After registration you will receive a "NEK" document.
- Next, you have to create a request in Neptun using the NEK-document. Please read carefully through the detailed step-by-step guide on the website of the Quaestura Office before starting the application neptun.elte.hu/qter/gyik/Diakigazolvany.
- Once you have finished creating a student card request, the **Quaestura Office will issue your Temporary Student Certificate** at your request until the permanent student card is issued.
- It takes a few months for your permanent student card to be manufactured; therefore, we strongly advise you to request a temporary student certificate as well. The student card will be posted to the Quaestura Office, who will notify you in a Neptun message as soon as it arrives and is ready for collection.

Detailed information on how to request a Student Identity Card is available here:

neptun.elte.hu/qter/gyik/Diakigazolvany

Legalising Your Stay IN HUNGARY

After you have successfully passed the entrance exam, you will receive an official notification from ELTE that you have been admitted to the study programme (a Letter of Admission/Acceptance document is issued and sent to you). Before you start your studies at ELTE, you need to ensure your legal status in Hungary. Considering what part of the world you are coming to Hungary from, choose the appropriate way to make your stay legal.

If you are a **citizen of an EU/EEA member state** (EEA = EU member states and Norway, Switzerland, Iceland, and Lichtenstein), you may travel to Hungary without a long-term study visa, but you need to obtain a **registration card** for the duration of your studies in Hungary.

If you are a **citizen of a country that is not part of the European Economic Area (non-EEA)**, you are required to obtain a **residence permit** (and in the case of most countries, a visa).

If you are a non-EEA citizen and come from a country **that is under visa obligations** according to the Schengen acquis, you need to apply for a D-visa and a residence permit for the purpose of study at a Hungarian consulate/embassy before traveling. We advise you to make an appointment as soon as you receive the Letter of Acceptance, because the application process may take several weeks!

If you come from a visa-waiver country, after you arrive in Budapest, you can arrange your registration card (EEA) or residence permit (non-EEA) online, on the Enter Hungary website of the National Directorate-General for Aliens Policing (in Hungarian: "Országos Idegenrendészeti Főigazgatóság", abbreviated as OIF) enterhungary.gov.hu

On the website, you can apply for your registration card, extend your residence permit, register your accommodation, etc.

Office of the National Directorate-General for Aliens Policing for students in higher education:

Client Service II (Budapest)

Address: 1135 Budapest, District 13, 35-37 Szegedi út (Twin Office Building, Ground floor)

E-mail: bp2@oif.gov.hu

Website: oif.gov.hu

If you are an EEA national

REGISTRATION CARD FOR EEA NATIONALS

Citizens of the states of the European Economic Area (EEA) **are entitled to enter** the territory of Hungary in possession of a valid identity card or passport and may stay for up to 90 days, without any special authorisation. EEA citizens planning to **stay for more than 90 days** in Hungary have to **apply for a registration certificate to be issued**.

BEFORE YOU ARRIVE IN HUNGARY

You need to have a valid identity card or passport to enter Hungary. You do not need to arrange anything else in advance.

AFTER YOU ARRIVE IN HUNGARY

If you are an EEA student studying at ELTE for more than 90 days, you need to apply for a registration certificate.

How to apply for a registration certificate?

You need to submit your request with the required documents on the Enter Hungary website.

REQUIRED DOCUMENTS

Valid passport or identity card	
Certificate of student status/Certificate of school attendance	You can obtain this from the Quaestura Office or in person from your faculty coordinator.
Certificate of accommodation	• Dormitory certificate; or • Proof of student hostel; or • If you rent a flat: Contract of Lease (the original document and a copy of it)
Certificate of the financial conditions	Scholarship, bank account statement, or a bank account statement of your parents and a declaration from your parents that they support you financially, etc.
Certificate of health insurance	Any health insurance valid in the territory of the EU (e.g.; European Health Insurance Card).
Registration fee: 1,000 HUF + 5,700 HUF	The fees of the registration certificate (1,000 HUF) and the address card (5,700 HUF) are payable via an electronic payment instrument (bank card).

You should receive the registration certificate in an official letter by post to the address in Hungary that you declared on the registration form within two weeks. After you register your accommodation, you will receive a QR code, which will function as your address card. This is an official document that is only valid together with your residence permit.

BEFORE YOU LEAVE HUNGARY

Before you finish your studies at ELTE in Hungary and move back to your own country, it is advisable to go to the National Directorate-General for Aliens Policing and cancel your registration certificate and your address card.

If you are a non-EEA national

RESIDENCE PERMIT FOR NON-EEA NATIONALS

You may find regularly updated information, actualities, and more detailed descriptions of the relevant processes on our website: elte.hu/en/visa-procedure

BEFORE YOU ARRIVE IN HUNGARY

You need to obtain a residence permit for the purpose of study if you are a student from the non-European Economic Area (non-EEA) and you wish

- to study in a registered secondary or Hungarian higher educational institution
- to participate in a preparatory course for higher education organised by a higher educational institution, which ensures that you have sufficient command of the language for your studies.

If you are coming from a **visa waiver country** (check it here: konzinfo.mfa.gov.hu/en/visa-free-travel-hungary), you can apply for the Residence Permit for the Purpose of Studies at the Hungarian Consulate of your home country before or after you arrive in Hungary.

If you come from a **country that is under visa obligations** according to the Schengen acquis, you need to **apply for the Residence Permit for the Purpose of Studies** and besides this, also a **residence permit visa (D-visa)** through a residence permit application before you come to Hungary. The residence permit visa (D-visa) is valid for 3 months, and allows you to enter Hungary (directly, not through any Schengen country), and stay here for 30 days in order to collect your residence permit card. After you arrive in Hungary, you will receive your residence permit card at the university.

RESIDENCE PERMIT APPLICATION IN YOUR COUNTRY

You need to submit the residence permit application to the Hungarian Consulate (check it here: konzinfo.mfa.gov.hu/en/embassies#hungarian-embassies-abroad) or at other locations authorised to receive residence permit applications which operates in the country of your permanent residence or nationality.

AFTER YOU ARRIVE IN HUNGARY

If you have already applied for a residence permit at the Hungarian consulate/embassy in your home country, you need to receive your residence permit.

If you come from a visa-waiver country and have not yet applied for a residence permit, you need to apply for a residence permit for the purpose of study online on the Enter Hungary website: enterhungary.gov.hu

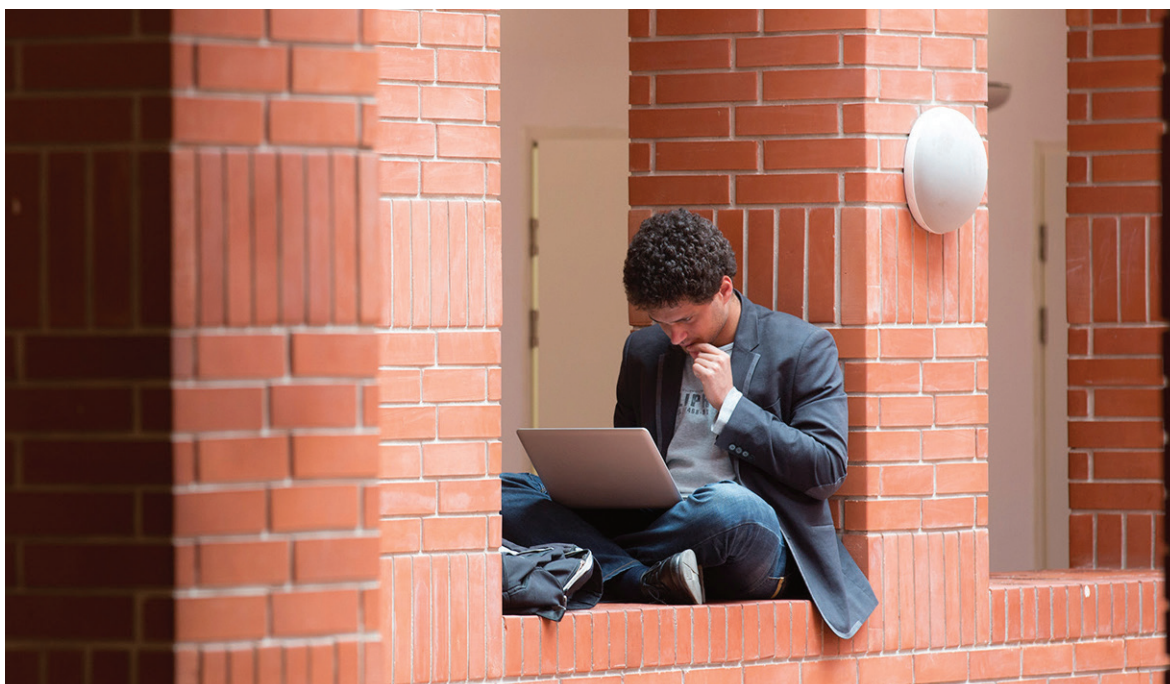

Please note that after you submit your application, you have to visit the office of the National Directorate-General for Aliens Policing in person within 15 days.

All residence permits for the purpose of study are sent to the address of the university by post. You can receive your residence permit at the ELTE Quaestura Office, shortly after it arrives. Please wait for a notification from the Quaestura with the time and place to receive your card.

(1) APPLICATION FOR RESIDENCE PERMIT ON ENTER HUNGARY

REQUIRED DOCUMENTS

Valid passport	
1 passport-size colour photo	
Letter of Acceptance or Certificate of active student status	You receive the Letter of Acceptance from your faculty when you get accepted to ELTE. You can receive a Certificate of active student status at the Quaestura Office. • Dormitory certificate (stamped and signed by the dormitory management); or • Proof of student hostel accommodation (stamped and signed by the hostel management); or
Certificate of accommodation	• Contract of Lease, which should contain your own and your landlord's personal data (ID Card /Passport number, mother's maiden name), the exact address (postal code, city, street/square/road, house number, floor number, door number), period of stay (definite/indefinite time), signed by you and your landord, and by two witnesses.
Completed "Notification of accommodation" form	You can download the document from: elte.hu/en/visa-procedure/non-eea
Certificate of payment of the tuition fee	If you are a self-funded student
Certificate of financial conditions	Scholarship, bank account statement, or a bank account statement of your parents' and a declaration from your parents that they support you financially, etc.
Certificate of health insurance	Any health insurance valid in the territory of the EU
Language certificate	Internationally recognised language exam OR proof of former studies in the working language of the study programme.
Fee: In person - 39,000 HUF Via Enter Hungary - 26,000 HUF	The fee of the procedure is payable via electronic payment instrument (bank card). Holders of state scholarships are exempted from the application fee!

VALIDITY OF THE RESIDENCE PERMIT

Please note that the residence permit is only valid together with your Address card and your passport.

- **If the course is shorter than three years**, the duration of the permit reflects this.
- **If the course takes three years or more**, the permit is issued for **at least one and a maximum of three years**, which can be extended if appropriate by one or at most three years.
- **Students with passive status are not entitled to have a residence permit for the purpose of study!**
Please note that if you "passivate" your semester, your residence permit will be invalidated by the authorities and you will have to leave the country until you have active student status again (unless you have another kind of residence permit, e.g. for the purpose of employment).

EXTENDING YOUR RESIDENCE PERMIT

Before your residence permit expires, you need to apply for the extension of the permit.

How to apply?

You need to submit your request online on the [Enter Hungary website](#). (The earliest time one can apply for an extension is 90 days before the expiry of their residence permit card. Applications should ideally be submitted 45 days before the expiry of the permit but may be submitted up until the expiry of the residence permit card in case of necessity.) Please note that in order to have the permit extended, you need to spend more than 90 days in Hungary in the 180 days prior to the application!

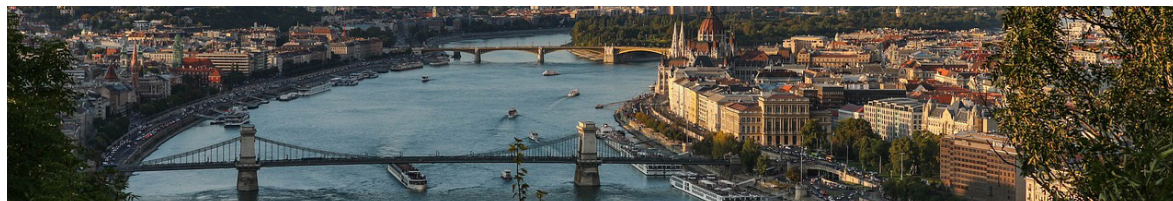

After submitting the online application, the applicant needs to book an appointment on the [website of the National Directorate-General for Aliens Policing](#) and visit the customer service (1135 Budapest, Szegedi út 37.) in person within 15 days from the submission to provide biometric data (e.g. photo and fingerprint). Booking the appointment and showing up in person is the responsibility of the applicant. (In case no appointments are available online, the applicant can show up in person without an appointment, and wait in the line.)

When you apply for the extension of a residence permit, you need to present a **valid passport** (it must cover the whole period of authorised stay); **the previous residence card** and previous address card issued by the authorities; and the **same documents as in the case of the first application (see the list above)**. A new certificate of active student status certified by the university – you can submit your request online through "Q-tér". You have to submit a document named Transcript of Records (if you are not a first-year student) – you can receive this document from your faculty's registrar's office.

If your address has not changed, it is enough for you to present the former address card and make a declaration that your accommodation has not changed. **Please note** that the contract of lease must cover the whole period of your stay in Hungary. (When you sign the lease agreement, please bear in mind that your contract should contain the possibility for an extension.)

WORKING IN HUNGARY DURING YOUR STUDIES WITH A RESIDENCE PERMIT

You can be employed during your studies with a residence permit for the purpose of studies for **30 hours a week during the study period, or 90 days days outside the study period on a full-time basis**.

(2) REPORTING OBLIGATIONS OF THIRD COUNTRY NATIONALS (NON-EEA) LIVING IN HUNGARY

If you are a non-EEA student, you are required to **register your accommodation during the residence permit application process**. If your address changes any time during your stay in Hungary, you need to report it on the Enter Hungary website within **three days of taking up residence**.

NOTE! The evidence of registration of accommodation issued by the authorities must be **kept and carried on** their person by the third country national and presented to the authorities if requested.

HOW TO APPLY?

You are required to submit the notification of accommodation online, on the Enter Hungary website. This procedure is free of charge.

REQUIRED DOCUMENTS	
"Notification of accommodation" form	Please download this from elte.hu/en/visa-procedure/non-eea and ask your dormitory/landlord/agent to sign it before submitting it online.
Valid passport	
Certificate of accommodation	• Dormitory certificate (stamped and signed by the dormitory management); or • Proof of student hostel accommodation (stamped and signed by the hostel management); or • Contract of Lease, which should contain your and your landlord's personal data (ID Card/Passport number, mother's maiden name), the exact address (postal code, city, street/square/road, house number, floor number, door number), period of stay (definite/indefinite time), signed by you and your landlord, and by two witnesses.
Former "Address card" as the evidence of registration of the accommodation issued by the authority.	If you have already registered your accommodation, please take the "Address card" with you as evidence of the registration of the accommodation issued by the authorities.

BEFORE YOU LEAVE HUNGARY

✔ You are not allowed to stay in Hungary after your residence permit has expired. When your residence permit expires, you need to leave Hungary.

Healthcare and HEALTH INSURANCE

Have you heard the saying that "health is your greatest wealth"? We believe it is true, and we want you to have the best experience during your stay in Hungary, without any interruptions due to health issues. Of course, we are fully aware that you are young and have an unbeatable immune system, but in case of pandemics, slippery icy roads, and summer evenings packed with way too much fun it is better to have something to fall back on (not quite literally).

Here at ELTE, we give you all the assistance you need to find the best health insurance you can obtain with your student status. However, you still have to complete the administrative procedures. We ask you to keep up to date with the relevant information in relation to your insurance. But that should not be a problem for you; after all, you are a capable international student at Hungary's best university.

This page is dedicated to students' health insurance - please pay close attention to it.

For detailed information on the type of health insurance that suits you, and for all the updates, please check this website: elte.hu/en/health-insurance

Please note that your health and your health insurance are your responsibility. Pay attention to the administrative procedures and visit the website (elte.hu/en/health-insurance) frequently for all the relevant information. Should you need medical care without having health insurance you will be liable for all costs of treatment, which are generally high in Hungary.

If you are an EEA (EU member states, Norway, Lichtenstein, Icelandand, Switzerland, United Kingdom) student, please apply for an EHIC card (European Health Insurance Card) from your health insurance provider in your home country before you leave home. Additionally, we recommend that you arrange a private health insurance too, as EHIC might not cover all costs that may arise. ELTE has an option for you, but of course you can choose another company.

If you are a non-EEA student, please be aware that you have to take care of your own health insurance before leaving your country, at least for the time of travel. After your arrival you have to arrange your health insurance for the semesters you spend at the university. Again, ELTE offers you a specific private health insurance package, but of course you can choose a different company, in case that one does not suit your needs.

If you are a student with a scholarship offered by the Minister of Education or the Ministry of Foreign Affairs in Hungary, you are entitled to a social security card (in Hungarian "TAJ card") with your social security number ("TAJ number") on it that enables you to use public healthcare services.

European Health Insurance Card – EHIC

Citizens of the EEA and Switzerland can access all healthcare services if they have a European Health Insurance Card. This can be obtained free of charge in your home country.

The card does not cover health issues that can wait until you return to your own country (e.g. some types of dental care); it only covers healthcare that is normally covered by a statutory healthcare system in Hungary. The main purpose of the card is to make sure that you do not have to interrupt your stay here, because you can get the same medical care that Hungarians would. The expiry date may vary from country to country, so it is advisable to enquire about it when you obtain the card at your local health authority.

NOTE! The health insurance card is valid only together with your passport. Please always carry your health insurance card and passport with you.

Health insurance for holders of Hungarian Governmental Scholarships (e.g., Stipendium Hungaricum, Scholarship Programme for Christian Young People, Hungarian Diaspora Scholarship)

In partnership with Semmelweis University, scholarship holders are also provided with English-speaking general practitioner care.

As stated in the Operational Regulations, each scholarship holder is entitled to 65,000 HUF healthcare contribution each semester. These funds are allocated and managed centrally by the university to cover scholarship-related medical expenses. At the beginning of your studies you will be entitled for private insurance that provides you with emergency healthcare services in English. This insurance is only for the period until you receive your social security card, as the amount of support provided does not allow for the provision of continuous private health insurance.

With the “TAJ card” (the card for Hungary’s national health insurance scheme), scholarship holders are insured by the state and they can access public healthcare, not just emergency or urgent care, so it is highly recommended for international scholarship holders to apply for a social security card at the beginning of their studies.

The social security card (“TAJ card”) can be requested online on the official website of the Quaestura Office at ELTE: neptun.elte.hu/Case/Group/TAJGeneral.

You should take care of the whole process of obtaining your social security card from the first step (registration) to the last (receiving the actual plastic card). This also means that you have to follow the administrative procedures and read the emails and Neptun system messages sent by ELTE administrators.

ELTE has partnered with Semmelweis University to provide English-language general practitioner (GP) care for students holding Stipendium Hungaricum, Hungarian Diaspora, or SCYP scholarships who have a valid TAJ number and therefore general public health insurance.

Private health insurance for self-financed students

You can purchase this fee-for-service health insurance in person at the **Quaestura Office of Student Services**. Fee-for-service health insurance covers the costs of medical and healthcare services, within the framework of an insurance policy. After completing and signing the insured’s statement, you will be provided with all the necessary details via email.

Website: elte.hu/en/health-insurance/private

University Life and Services for International Students

Orientation WEEK

The Orientation Week is organised for international students at ELTE at the beginning of each academic semester. The programme is designed to introduce the University, staff, and organisations that you will meet during your stay at ELTE in Budapest. It also provides information and advice that will assist you in adjusting to the learning environment of the University and life in Budapest.

Website: elte.hu/en/orientation

Freshman's Camp

DISCOVER HUNGARY

More than a camp. It's your first step in Hungary.

Are you starting your studies at ELTE this autumn? Join us at the **Freshman's Camp – Discover Hungary**, an unforgettable experience designed especially for our new international students.

Before the semester begins, spend a few days discovering Hungary beyond the classroom. Meet fellow students from around the world, explore Hungarian traditions, and become part of the ELTE community from day one.

What can you expect?

- **Discover Hungarian culture:** Experience traditional folk dance, music, local customs, and authentic Hungarian hospitality.
- **Explore the Hungarian countryside:** Leave the city behind and discover the beauty, traditions, and atmosphere of rural Hungary in the city of Szolnok.
- **Take part in fun activities:** Join team games, challenges, and community-building activities designed to help you feel at home.
- **Make international friends:** Meet students from all over the world, build lasting friendships, and begin your university journey together.
- **Feel at home:** Get to know your new university community in a welcoming and supportive environment before classes even begin.

Date: 25–27 September 2026

Location: Szolnok, Hungary

Who can join? All international students of ELTE.

Language: English

Begin your ELTE journey with new friendships, unforgettable memories, and your very first Hungarian adventure.

Registration opens soon!

IT SUPPORT

WIFI at ELTE

All ELTE campuses offer free WIFI access to ELTE students. To access the Campus WIFI, you need to arrange an IIG ID here: ugykezekelo.elte.hu/

1. Click on "Belépés" ("belépés" means "login").
2. Select authentication via Neptun by clicking on the Neptun icon in the top right corner, then type your Neptun ID and your password, then log in ("Bejelentkezés").
3. Use the flag icon to switch into English
4. Choose your own IIG username ("Chosen IIG ID" = "Választott IIG Azonosító"). Choose wisely, because your IIG username will form the first part of your e-mail address at ELTE.
5. Choose your password and type it in at the section "Chosen IIG password" ("Választott IIG Jelszó") and the same password at "Választott IIG Jelszó Megerősítés" ("Validating your chosen IIG password").
6. If you want to use ELTE Wi-Fi, you must also tick the box "I would also like to create a WiFi ID" ("Kérem a WIFI azonosító létrehozását is")
7. By clicking on "Request" ("Igénylés"), you create your IIG ID and your ELTE email address (which can be used for correspondence, Teams and other O365 services).

You will be redirected to a page where the system confirms your request and your IIG identifier is ready.

Website: iig.elte.hu/en

E-mail: operator@elte.hu.

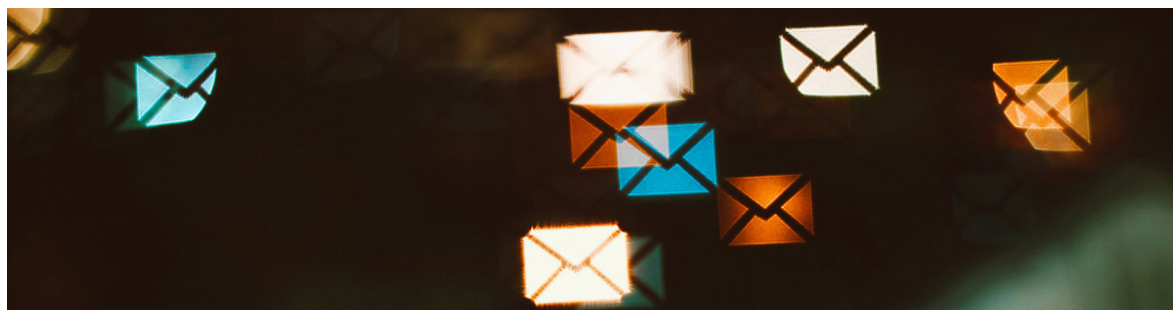

Your Personalised ELTE E-mail Address

Every student at the university is entitled to use a personalised ELTE e-mail address and is requested to do so.

After getting the IIG username (see above), you will be automatically assigned an e-mail address called: yourusername@student.elte.hu with 100 GB storage.

You can access your messages with the help of the usual programmes (Microsoft Outlook, Thunderbird, etc.). Please enter your personalised e-mail address to the Neptun ("My data" menu "Contact information" / "Email address" tab) as the default one. During your studies, you can deal with official issues faster and more easily if you use your ELTE email address and you will be required to use it for logging in to the Teams platform, too.

Website: elte.hu/en/it-support

Libraries

University Library and Archives

The University Library (konyvtar.elte.hu/en) was **founded in 1561** by the Jesuit order; it is **one of the oldest libraries in the country**, and was opened to the public in 1876. Until 1949, it collected works from all disciplines taught at the university, later it was limited to philosophy and medieval and early modern history, as well as religion and the history of religion. Since then, the library has had nation-wide responsibility for the collection of publications in these fields. The historical collection, as part of the National Cultural Heritage of Hungary, includes 185 codices, 1,200 incunabula, 11,000 works from the 16th, 15,000 from the 17th, and 75,000 from the 18th century.

Registration is free for all employees and students of ELTE, and your Student Identity Card can be used as a library card. Our **ELTE Library WebApp** is a web application optimised for smart phones. The app replaces the paper-based library card and also offers a number of additional features.

In addition to the traditional library services, **the Library provides access to e-books, e-journals, and databases** and, if licences allow, they are made available for the students of ELTE also from home.

Courses in database management, literature searching, publishing, and library use are organised regularly with the aim of fostering the independent use of library services and information resources, as well as basic research activities. The Library supports open access publishing by aiding submission of articles to open access journals and enhancing self-archiving. The portal of the University Library Service (ULS) (eltekonyvtarak.elte.hu/en), based on the cooperation of the network of libraries, offers full-scale information on all the libraries of the eight ELTE faculties. **The OPAC (opac.elte.hu) contains records of almost 1.5 million copies of documents**, such as books, journals, special and electronic documents, and dissertations found at the University Library and other libraries belonging to the ELTE network.

ELTE University Library

OPENING HOURS

Monday – Friday 9:00 – 20:00
Saturday 10:00 – 18:00

CONTACT

1053 Budapest, Ferenciek tere 6.
Tel: +36 1 411-6500 / 3417

Self-service in the lobby is available two hours before and after opening hours with a valid library card. Students are welcome with extended opening hours at the end of semesters and during exam periods.

Book of Your Life – Community space and kitchen:

The “Book of Your Life” (BoYL) is an intercultural integration project at the Eötvös Loránd University (ELTE), aimed at helping international students integrate into the local student community. As part of the project, a dedicated student community space operates in the historic ELTE University Library and Archives building on Ferenciek Square. The community space is freely accessible and available for booking as a venue for events by students and staff of the University. Programmes held in the space are coordinated by the International Student Advisory Committee.

The community space can accommodate up to 35-40 people and is suitable for smaller events, workshops, lectures and roundtable discussions.

The room is equipped with smartboards and whiteboards, providing opportunities to organise small-

group courses and to access kitchen facilities (refrigerator, microwave, hot and cold water and soda dispenser).

Reservation of the community space and kitchen set up within the framework of the Book of Your Life project for ELTE citizens

To book the community space, please send an e-mail to kabinet@lib.elte.hu with the following details:

- Name of the requester, ELTE e-mail address
- Name of the planned program in the community space
- A short description of the planned program for the community space, including connections to ELTE
- Date and duration of the planned program in the community space
- Planned language of the program (Hungarian or foreign language)
- Whether the requester would like to use the kitchenette to the community space for the program
- Technical requirements (e.g., use of a smart board)

Reservation requests should be submitted at least 7 working days in advance of to the planned program.

ELTE Faculty Libraries:

Every faculty of the university has its own library, and most of their institutes and departments have their own libraries, as well.

Website: eltekonyvtarak.elte.hu/en/university-library-service

Some ELTE dormitories operate libraries in their buildings. For more information on the services, please contact the staff of the dormitory.

Library Days at ELTE

The Library Days event is held in Trefort Garden at the Faculty of Humanities at the beginning of each academic year. Library Days are organised every autumn, and most of the libraries in Budapest take part and introduce their services. This event will help you find the most appropriate library for your studies, and you will have the opportunity to register for the services on the spot.

Other libraries in Budapest:

It is worth taking the opportunity to visit some notable libraries elsewhere in the capital:

National Széchényi Library – oszk.hu

Located in the rear wing of the Royal Palace, in Buda. It is a national library with the largest collection in the country, including some surviving books from the library of King Matthias, the renowned Renaissance Monarch. (They are known as “Corvina”, since the heraldic animal of the king was the raven, called ‘corvus’ in Latin.)

Library of Parliament – ogyk.hu

The House of the Hungarian Parliament established its own library at the end of the 1860s. In 1902 the library moved to the newly built Parliament on the banks of Danube. It only became a public collection in 1952; until that time, access was permitted only to institutions and professionals.

Library and Information Centre of the Hungarian Academy of Sciences – konyvtar.mta.hu/index_en.php

This is a special national research library. Since its foundation in 1826, it has dedicated itself to supporting scientific and scholarly research and safeguarding its precious collections.

Metropolitan Ervin Szabó Library – fszek.hu

Located in a magnificent neo-Baroque palace completed in 1889, as well as in a new wing, it now boasts one of the most interesting library interiors of Europe. The café is to be found in the former stables.

National Library of Foreign Literature – oik.hu

Originally built for the Young Men’s Christian Association (YMCA), a Russian language-library was opened in 1956 under the name of “Gorky Library”, which later started to collect other foreign language items, as well. Many people in Budapest still call it “Gorky” today. It has a very pleasant atmosphere with a rich selection of journals.

Learn HUNGARIAN

ELTE offers Hungarian language courses to its international students during their studies at ELTE. Courses are available at different levels. The type and level of courses depend on the demand of applicants for the given semester: <https://btk.elte.hu/en/general-hungarian-classes-info>

General Hungarian Language Courses

Eötvös Loránd University offers courses on Hungarian language and culture at all levels from complete beginner (A1) to proficiency level (C1). They offer diverse course types: language and culture, general language courses.

The 10-11-week courses start at the beginning of both spring and autumn semesters. The curriculum has been developed for one or two 90-minute classes per week for a period of one semester. Students receive 3 or 6 ECTS credits after successfully completing the course.

In line with the regulations and the scholarship agreement, all SH and SCYP students are obliged to study Hungarian as a foreign language during their first two active semesters, while DFP students must study Hungarian throughout their entire studies. Therefore, we kindly ask you to carefully follow the information and instructions provided by your Faculty.

Website: btk.elte.hu/en/hungarian-language-courses

Summer University of Hungarian Language and Culture

If you want to learn Hungarian during the summer break, you can apply for Hungarian language courses offered at the summer universities at ELTE.

Website: elte.hu/en/summer-university

Mentoring SYSTEM

Eötvös Loránd University offers a targeted **student mentoring programme to all incoming students** who would like to receive personal mentoring before their arrival and/or during their stay in Budapest.

Mentors help international students with everyday problems, and they guide students through their international experience during their stay at ELTE in Budapest. They are enthusiastic, open-minded, and helpful ELTE students. International students can turn to their mentors for help any time they need it. Mentors will be there to support international students during their first steps in Hungary and at the university in issues, such as university administration, finding a flat or room, the best pubs, shops, restaurants, etc. There are mentors working at each ELTE faculty, so international students can turn to their mentors with faculty-specific questions as well.

There are two main mentoring systems at ELTE:

Erasmus Student Network (ESN) ELTE offers mentors to all incoming exchange students and organises activities for all international students and the volunteers of the organisation itself. Meet the Team of ESN ELTE virtually here: elte.esn.hu/members

Stipendium Hungaricum Mentor Network (SHMN) offers mentors to ELTE students with a Stipendium Hungaricum scholarship and provides a wide variety of cultural and touristic programmes. Apply to be a mentee here: shmentor.hu

In case you are a Diaspora Scholarship holder student, turn to the Diaspora Mentoring Program: diaszporammentor.hu

Stipendium Hungaricum

MENTOR NETWORK

The Stipendium Hungaricum Mentor Network (SHMN) assists **Stipendium Hungaricum scholarship holders** specifically with everyday problems, questions regarding their stay at ELTE, in Budapest, Hungary. Personal mentors are motivated and open-minded students studying at ELTE who guide Stipendium Hungaricum (SH) students through their international experience. Each mentor completes specialized training courses to effectively support SH students throughout their studies at ELTE.

The main goal of the Stipendium Hungaricum Mentor Network is peer assistance. Most of the SH mentors are scholarship holders themselves, who can provide the most help with administrative procedures.

SH students may turn to their mentors for help at any time. There are mentors working at each ELTE faculty, so SH students can turn to them with faculty-specific questions as well. The network organises several cultural and tourist events for its members, which are free of charge.

Mentors will be there for the students from the very first steps till the end of their studies and even later. During their time in Budapest, students are supported by mentors in the following activities:

- Arranging visa/residence permit,
- Arranging Health Insurance and Tax Identification number,
- Arranging range a bank account,
- Arranging registration at ELTE,
- Arranging a Student Identity Card and a Neptun password,
- University administration,
- Finding a flat or room,
- Finding the best pubs, shops, restaurants, etc.,
- Anything else!

To ask for a mentor, please register here (registration will be open from 1 August):
shmentor.hu

The Erasmus Student Network (ESN) is one of the biggest interdisciplinary student associations in Europe. It was legally registered in 1990 to support and develop student exchanges. It is present in more than 1,000 higher education institutions in over 40 countries, and the network is constantly developing and expanding. It has around 15,000 active members in many sections supported by “mentors” or “buddies” mainly taking care of international students. Thus, ESN involves a total of around 40,000 young people offering their services to around 350,000 international students every year.

ESN ELTE is also a part of this international community. Both their programmes and the mentor system aim to facilitate the integration of incoming students, following the aims and values of ESN International.

The local section, ESN ELTE, works on behalf of international students. In addition to representing the rights of scholarship students at our university, our primary goal is to support incoming students by assisting with their academic, social, and practical integration. This is mainly provided through our enthusiastic mentors and through cultural and social activities, such as trips to various places within the country, cultural events, language projects, international food festivals, sports events, and parties.

How to request a mentor?

You can request a mentor by registering on “Papaya (ESN)” papaya.iter-idea.com/auth – also available on iOS (App Store) and Android (Play Store). Log in with Facebook right after you receive your profile. After you register (we advise you to register at your own faculty so that you can get faculty-specific help as well), the faculty coordinators will be able to choose a mentor for you.

If you have any further questions concerning the mentor system, please contact ESN ELTE.

Website: elte.esn.hu

E-mail: board@elte.esn.hu

Instagram: [esnelte](https://www.instagram.com/esnelte)

Facebook: [ESN ELTE](https://www.facebook.com/ESNELTE)

Where to find us?

ESN ELTE Office

1088 Budapest Múzeum krt. 4, 6-8. Eötvös Loránd University, Faculty of Humanities, Youth Building (Ifjúsági Épület), 3rd floor, room 5-7. You can find the opening hours updated on the official website and Instagram page of ESN ELTE.

Visit the office to purchase tickets for events, to buy an ESNcard, or just to hang out with the ESNers.

ESN ELTE Events

Our Team and volunteers always participate at the events organised by us and we are looking forward to meeting you there! Our aim is to make your time in Hungary unforgettable, so approach us any time and attend the various events alongside us!

What is an ESNcard?

The ESNcard is the membership card of the Erasmus Student Network. It is a proof of membership in an ESN section and so indirectly of the wider ESN Network. The ESNcard also serves as a discount card in many cities and countries around Europe, including Budapest. Discounts are available at several bars, hostels, shops, beauty parlours, sports clubs, service providers (e.g. travel agencies and airlines) etc.

Website: elte.esn.hu/esncard

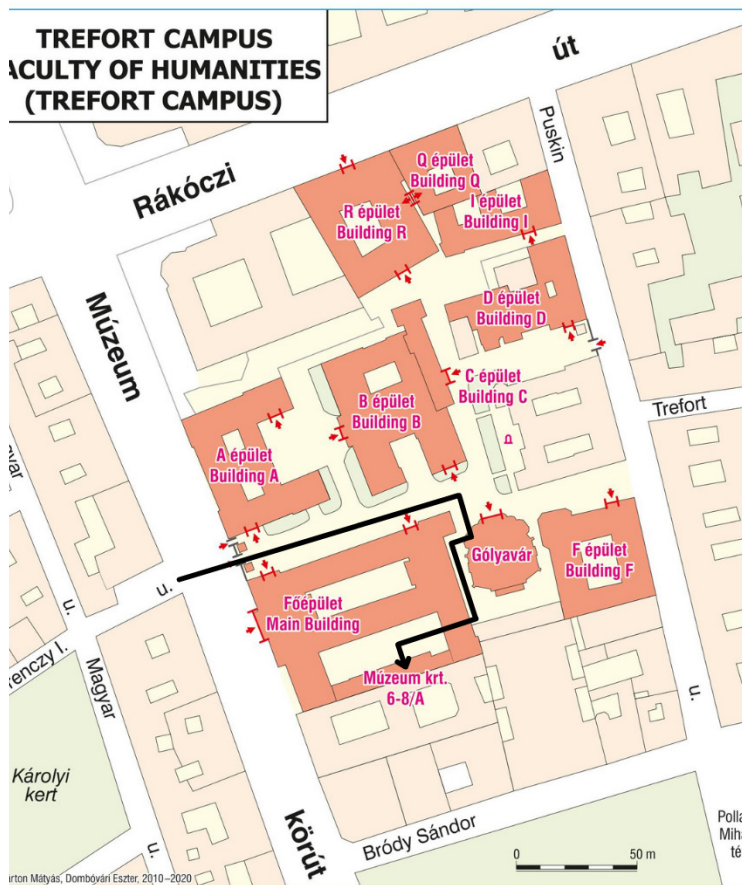

You can get an ESNcard if you belong to one of the following groups:

- You have been an international student
- You are currently an international student
- You are a member (mentor/buddy/volunteer) of an ESN section

What benefits do you receive in Hungary as a card holder?

- Leisure: discounts on parties, bars, clubs
- Trips: discount on ESN trips and events
- Accommodation: discounts in hostels
- Services: phone cards, taxis, shops, beauty parlours
- Sports: fitness clubs

The ESNcard can be obtained exclusively from your local ESN section. You can obtain it either during the Orientation Week at the beginning of the semester, in the Office of ESN ELTE or at ESN events throughout the semester.

Student Union System OF ELTE

University Student Union (EHÖK)

Like our University, the Student Union has a long tradition. The Union's main role is to represent Hungarian and international students at ELTE in different issues, such as studies, allowances and problems that need solving. The student organisations ESN ELTE (Erasmus Student Network) and HÖÖK SHMN (Stipendium Hungaricum Mentor Network) will help you as an international student to become familiar with the Hungarian language and culture, the faculties, and student life at ELTE. In important questions concerning your studies or credits, you can turn to the Students' Union for assistance; they will give you a helping hand in every situation.

The Student Union has a two-tier structure: first, the students directly elect the representatives from among themselves to the Student Union of the faculties, but students can also compete for membership of the University Student Union.

ELTE HÖK coordinates the work of the Faculty Student Unions, represents students in the university management and in the National Student Union (HÖÖK), and organises student community life. The Student Union is an autonomous organisation, which elects representatives in a democratic way and, all in all, they are the heart of the student community.

The motto: Represents interests, represents values.

International Student ADVISORY COMMITTEE

Kamilla from Hungary, Faculty of Economics

Hello! My name is Kamilla Boncsér, and I'm a fourth-year bachelor's student studying International Business and Economics at the Faculty of Economics (GTK). As a Hungarian student, I kept noticing the distance between Hungarian and international students at ELTE, and I joined ISAC because I wanted to be part of a community where that divide doesn't exist, and because I believe every opportunity open to Hungarian students should be just as open to you. I started out as a link between the Hungarian Student Union and ISAC, and helping students sort out their dormitory troubles. Now, as Vice President for Operations, I'm working to widen the range of possibilities available to international students across our campuses, and to make sure your voice

The International Student Advisory Committee (ISAC) was established to strengthen the representation and support of international students at Eötvös Loránd University (ELTE). Since its creation, the ISAC team has included over 100 international students from more than 40 countries, across 7 faculties, and at multiple study levels. Our students come from diverse backgrounds but are united by a shared commitment to support fellow international students and help foster a more inclusive, connected university experience for all.

The committee's purpose is to:

- Provide support and guidance to international students through in-person and online consultations.
- Collaborate with ELTE units and external partners to better serve and represent the international community.
- Strengthen ties between international and Hungarian students through academic, cultural, and social activities.

Follow [@elte_isac](#) on all platforms to stay updated on ISAC's office hours, events and opportunities for international and Hungarian students.

E-mail: isac@rk.elte.hu

International Student AMBASSADORS

Esen Zeynep Okutucu from Turkey, Archaeology MA

I've been both an international student and an ambassador at ELTE. Being an ambassador gave me the chance to represent this school to prospective students through my own lived experiences. I believe higher education should not be limited to classrooms. Thanks to the ambassador program, I've had the chance to get training in social media management, interpersonal skills, and working in international settings. A master's program may be just two years, but it flies by fast. That's why it's worth exploring every opportunity—such as internships, training, and community—all of which are vibrantly present at ELTE. Although I feel like there's still much more for me to experience through this program, I can't wait to see what's next.

Are you having a great time at ELTE? Would you like to share it with prospective students of the university? Want to expand your international student network? Would you like to boost your CV with valuable experience? **Become an International Student Ambassador at ELTE.**

International Student Ambassadors are the faces of the university. They are current international students at ELTE who share their study experiences with prospective students of ELTE. International Student Ambassadors join various activities of the university: they share their views about student life at ELTE, mainly on online platforms (e.g., university website, social media, podcasts) and participate in various related online and onsite events (e.g., webinars and education fairs).

At the end of the academic year, International Student Ambassadors receive a certificate confirming their participation in the programme.

Check out the current International Student Ambassadors of ELTE and what they say about the university here: elte.hu/en/international-student-ambassadors

Each semester, we recruit new international student ambassadors — we hope to see you among them soon!

Sports

AT ELTE

Want to stretch your muscles? Feel like gaining some experience in a new sport – one that you have never tried before? We strongly encourage you to do so, and offer plenty of sports opportunities both within and outside our university!

Training is organised by the **University Athletics Club of Budapest (BEAC)**, which was founded in 1898, as one of the very first Hungarian sports clubs. The well-known scientist and statesman Loránd Eötvös was elected as its first president. Since its foundation, members of the University Athletics Club have won 6 Olympic and more than 400 Hungarian championship titles. BEAC has broadened the range of leisure sport activities available to members of the university to include over 50 different sports classes that you can join during your studies at ELTE and even afterwards – with the mission of making sports accessible to all, without regard to gender, age, physical, social, cultural or linguistic differences. Sport is for everyone!

Sports courses offered by BEAC can be found at beac.hu/en

Sports available:

Aerobics, Athletics, Aerial hammock & silk, Aerial hoop, Argentine tango, Balance training, Boxing, Darts, Fencing, Hip-hop, Kayak-canoe, Orienteering, SUP, Table tennis, Badminton, Basketball, Cheerleading, Cheer dance, Chess, Climbing, Cycling, Functional training, Running, Football, Futsal (women, men), Goju-ryu karate, Capoeira, Kempo, Batchata, Belly dancing, Jiu-jitsu, Yoga, Handball (women), Hiking, Kick-box, Kung-fu, Modern jazz dance, Muay thai, Pole fitness, Triathlon, Volleyball (women, men), Spinning, Swimming, Water polo, Takewondo.

Instagram: [beac1898](https://www.instagram.com/beac1898)

ELTE-BEAC Sport Office

1117 Budapest, Bogdánfy utca 12. (1st staircase, 2nd floor)

Tel: (+36 30) 355-0264

EHÖK Sports Referent: sport@ehok.elte.hu

Do sports for credit

You can apply for these sports classes just like all the others available in your department via the Neptun electronic registry system. The fee for each course is 6,000 HUF per semester. Sports courses in the Neptun system can be found under the VTN code.

Sports available:

Aerial hoop, aerial hammock, aerobics, table tennis, box, boulder climbing, jiu-jitsu, capoeira, cheerleading, e-sport, flag football, funktional training, running, futsal, gyu-ryu karate, bellydance, hip-hop, jazzdance, yoga, kayak-canoe, kempo, cycling, kickbox, korfbal, muay thai, self-defense, polefitness, chess, spinning, sup, hiking, swimming, fencing

ELTE Sports Events

- **5vös5** (each September and May)

5vös5 is a 5-kilometre running competition held on the Lágymányos Campus. The competition is organised every September and May and this is one of the biggest and most popular events of the year at ELTE.

- **ELTE Sport7** (each September, first week of the semester)

Start your year with the biggest free sports event at the university. You can try various types of sports from the courses offered at ELTE for a week on 8-12 September 2025.

- **KEK Run**

One of the first races of the year in March every year! With a variety of distances to choose from, there's something to suit everyone's fitness level.

kekrun.kekbudapest.hu

- **BOCI** - five-a-side football championships

Form a team among the exchange students and join the biggest university tournament in Budapest. Try your student team in the university championship.

Details:

beacfoci.hu/en/news/play-football-in-beac

ELTE Dormitory Centre

Accommodation is essential for your studies in Hungary. The University helps you by offering two services: **you can apply to the dormitories, or you can get housing assistance** from the ELTE Housing Office and its partners. With seven dormitories in Budapest and three in Szombathely (along with other specialised facilities), ELTE has the largest dormitory capacity in Hungary.

The dormitories are popular for many reasons. They are not only affordable and comfortable - more than 80% of the places have been fully renovated in the past few years -, but the community makes both your everyday life and your studies much easier.

Applications are organised centrally by the ELTE Dormitory Centre. Announcements are available on the website. Any ELTE student, regardless of their level of studies or scholarship, can apply. The applications are for specific periods, like an academic year or the summer break.

Though, fortunately, ELTE can provide hundreds of places to international students, our capacity is limited, and we cannot accept every applicant. Those who do not want to remain on the dormitory waiting list, can request assistance from the ELTE Housing Office as well (for more information, see the next section).

Website: elte.hu/en/dormitory-centre

Student Union - Dormitories (KolHÖK)

The Students' Union of the Dormitories is a vital part of foreign students' life, representing the student body and advocating students for their interests. This organization is run by elected student representatives who work to improve the quality of life for students living in the dormitories. They organize social events, provide support and advice to students, and serve as a liaison between the administration and the student body. Through their efforts, the student council helps to create a vibrant and inclusive community within the dormitories.

E-mail: kommunikacio@kolhok.elte.hu, info@kolhok.elte.hu or kolhok.elte.hu

ELTE Housing Office

The housing services are available only in Budapest. Please note that this is a limited market, and thousands of international and Hungarian students are looking for accommodation in Budapest before the next semester. We strongly advise you to book your place as soon as possible!

Accommodation is essential for your studies in Hungary. The University helps you by offering two services: **you can apply for our dormitory places, or you can get housing assistance** from the ELTE Housing Office and our partners. If you are not interested in the dormitories, or your dormitory application has been rejected, you can ask the ELTE Housing Office and our housing partners to help you with finding an accommodation.

Our partners include apartment houses, private dormitories, real estate agencies and advertising sites with a wide range of offers in every district of Budapest. Whatever you are looking for, there is a good chance you will find it with them. Why do we recommend them?

- We have been working together for years. There isn't any risk of fraud at our trusted partners.
- They specialise in international students. Multilingual services (administration, fast maintenance, etc.), supporting visa applications with the necessary documents, and a student-friendly attitude are our basic requirements.
- Quality accommodation and reasonable prices. You can choose from flats, apartments, hostels, private dormitories, a room alone or shared with others, in every price range, at every location. They even help you find a roommate.
- They may offer discounts or reduced deposit requirement for ELTE students.

We recommend contacting them directly, but you can also reach out to the ELTE Housing Office for assistance

Website: elte.hu/en/housing-office

Savaria University Centre

Valuable ELTE Diploma

IN SZOMBATHELY

In February 2017, the integration of Eötvös Loránd University and Savaria University Centre was completed. In the Savaria University Centre, four structural units of ELTE offer courses:

Berzsenyi Dániel Teacher Training Centre

Full range of teacher training courses from elementary-school teacher's diploma to Master's degree

Faculty of Informatics

Dual and non-dual training in mechanical engineering and computer science: from vocational training to degree

Faculty of Education and Psychology

Courses in sports science and the highly popular humanities courses: psychology, community development

Faculty of Social Sciences

A wide range of courses in economics: from higher education vocational training through dual training to graduate economics courses

The Savaria University Centre is a bastion of applied knowledge at ELTE, where the results of ELTE's market-leading basic research are utilised for the first time in competitive practice-oriented training courses relevant to society and industry. Strong emphasis is placed on talent management and on training teachers who can respond to the challenges of education in the 21st century.

Beyond factual knowledge, successful adaptation to a future job market is only guaranteed by the continuous development of skills. Successful adaptation to a future job market will depend on competences beyond mere knowledge. Collaboration, adaptability and high-level IT skills, as well as language skills, are all necessary for successful career planning. The ELTE Szombathely unit, the Savaria University Centre, places great emphasis on the development of these competences.

Dual courses are essential. They are based on very close and continuously expanding cooperation with partner companies that are key players in the regional economy. Our professional structure is constantly expanding and changing in response to market needs, particularly in the fields of engineering and economics. Our teacher training is in a leading position on the national level, as well. A few years ago, ELTE launched a psychology major in Szombathely, which has attracted a steady stream of students ever since.

Szombathely offers modern education, an inspiring environment, a wide range of international contacts, modernised dormitories, and scipious monthly scholarships. We are diverse, but we become diverse through our students.

Equal OPPORTUNITIES

According to the Hungarian Higher Education Act (2011), disability covers persons with:

- Visual impairment (blindness, low vision, partial sight)
- Hearing impairment (deafness, difficult hearing, cochlear implant)
- Physical disability
- Specific learning difficulties and neurodevelopmental disorders (dyslexia, dysgraphia, dyscalculia, ADHD)
- Speech impairment or language disorders
- Autism-spectrum disorder

The University's Disability Centre is responsible for providing direct and indirect services to ELTE citizens, including international students and staff members.

Services:

- Forming the inclusive policy of the University
- Providing advice on universal design and accessibility
- Organising sensitivity training for students and staff
- Supporting and managing faculty disability coordinators
- Hiring and training personal non-medical assistants, note-takers, and volunteer students
- Personal guidance and counselling
- Assistance in negotiating with the academic staff (if applicable and where appropriate)
- Adaptation of any learning materials (e.g. digitalisation)
- Making tactile materials
- Making audiomaps
- Teaching routes to persons with white cane or guide dogs
- Teaching accessible ICT techniques
- Counselling

Krisztina KOVÁCS

Head of the Disability Centre

E-mail: kovacs.krisztina@kancellaria.elte.hu

Tel: (+36-1) 483-8000/2256

International students with any disabilities should register with the faculty's disability coordinator.

Disability coordinators at the Faculties:

elte.hu/en/equal/contact

Integration of International STUDENTS AT ELTE

As one of the University's core equality and internationalisation goals, ELTE is committed to ensuring that every student, regardless of nationality, language, or cultural background, can take part in a welcoming academic and community environment where they can belong, thrive, and succeed.

This work is coordinated by the **International Student Integration Knowledge Centre (InSINC)**. **InSINC** serves as a central hub that connects good practices, supports faculties and student organisations, and helps turn international student integration into a shared institutional responsibility across ELTE.

What ELTE offers international students

- **A smoother start to university life:** The International Orientation Week and Welcome Ceremony, International Freshman Camp, and onboarding opportunities help you settle in, connect, and begin your ELTE journey with confidence.
- **A strong student voice:** Through the Raise Your Voice Forum, you can share feedback on academic life, wellbeing, campus services, inclusion, and career readiness.
- **Student-led ideas:** With Post Your Initiative, students can turn creative ideas into university-wide projects with ELTE support.
- **Culture and community:** A great variety of cultural and social events, like the Speed Friending, Cultural Connection Day, Hungarian movie nights and International Cooking Competition bring students together across cultures.
- **Language and connection:** The Language Exchange Programme and Language Café offer a friendly space for you to practice languages and meet new people.
- **Intercultural learning:** ELTE's intercultural trainings for students and staff support better understanding, stronger communication, and a more inclusive community.
- **Career and farewell:** Career management workshops and the Job Fair International Section support professional development[AS3.1], while the Farewell Gala offers a warm and memorable close to the ELTE journey.

Preparing Mentally for University

STUDENT SUPPORT

Taking care of yourself: your well-being matters!

You are starting a new chapter in your life, one that promises to be filled with fun moments and rewarding experiences, opportunities for growth, and the chance to develop both personally and professionally. It is quite natural that you may encounter challenges along the way. It is completely normal to feel a bit anxious or lost at the start of this journey, but we have collected some ideas on what you can expect and how you can cope. The goal is not only to earn your degree, but to enjoy this period of studying abroad: to remain active, calm, engaged and joyful. To take care of yourself, you can think through what you can do in the following four primary areas to improve and maintain your well-being.

1. Your body - physical vitality

Taking care of your physical health is very important as it ensures that you have the necessary energy and focus throughout your day. Learn about sleep hygiene and establish a balanced diet with proper eating routines. Limit your alcohol consumption and avoid smoking and substances, but exercise regularly in a way you enjoy (a walk around the corner, stretching at home, joining a gym, or attending the sports classes offered on campus). Build healthy lifestyle routines and habits which keep you energized and active.

2. How you think - mental focus

Everyday life comes with its small challenges, but if you feel stable and positive, your chances of coping with them successfully increase. Approach new situations with curiosity and learn how to deal with problems in a proactive way. Cultivate a positive mindset, and work on building your self-esteem. Set realistic expectations for yourself, and if things do not exactly go as you planned, try to encourage yourself and be kind to yourself. Create an environment that allows you to focus and study effectively, and establish a routine that keeps you on track.

3. How you feel - emotional balance

Stressful situations often reduce our ability to think rationally and to use our usual coping skills. In moments of extreme stress, try to manage your anxiety by applying the methods that worked for you before: exercise, take a break, talk to trusted friends, engage in hobbies, spend some time alone to think things through. Learn techniques that help you feel safe and grounded, and prevent you from spiralling (e.g. breathing or mindfulness exercises, practicing gratitude). Journaling or mood-tracking apps can help you be aware of your feelings and identify patterns over time. Be aware of potential signs of mental imbalance, and do not hesitate to ask for support if needed.

4. Peers and family - social connections

We are social beings, and most of us thrive when we are surrounded by people who understand and appreciate us. Try to find peers you can relate to and trust, and build a strong support system here in Hungary while you stay connected with loved ones from home. Look for local groups online, participate in the orientation week programs and events organized by the university. Be open to

meeting new people in your classes and in other settings. Strengthening your social ties can create a safety net to fall back on in times of need, and you can also support those around you. Spending time with others can be fun and rewarding, and sharing your experience with others can reduce stress.

We compiled a list of skills you will need to successfully manage all your responsibilities and to enjoy this period. Think through which topics you feel less prepared in, and seek ways to improve your skills in the given area.

Signs indicating that you (or someone you care about) could benefit from professional support:

- Serious changes in basic biological functions: eating (loss of appetite, compulsive eating), sleep (insomnia), low energy
- Mood: feeling very low or hopeless, sudden mood swings, anxiety, constant irritability, anger issues
- Social life: feeling lonely even after months of staying here, difficulty forming relationships or fitting in, intensive conflicts in interpersonal relationships, social withdrawal
- Underperformance: difficulty focusing, reduced efficacy, procrastination leading to missed deadlines
- Any other issue or symptom which you cannot control or make others worried about you

Psychological Support AT THE CONSELLING CENTRE

What we offer

The Counselling Centre provides free psychological support to all ELTE students and employees, both in English and Hungarian.

Studying or working abroad might be challenging at points, and sometimes you might feel that it is difficult to cope with everything alone. If you would like to talk to a professional in a safe, supportive and non-judgmental environment, please feel free to reach out to us to discuss your concerns. This service is free of charge, and is totally confidential.

Our team consists of widely experienced clinical and counselling psychologists who are accustomed to helping people from various backgrounds and cultures, and to dealing with a wide range of issues.

Some of the most common concerns we usually address include

- Academic difficulties (e.g. motivation, procrastination, burnout)
- Relationship issues (friends, family, romantic partners)
- Coping with traumas, loss and grief

- Dealing with anxiety, lack of self-esteem, loneliness or depression
- Managing mood swings, anger issues or other emotional challenges
- Coping with the independence and responsibilities that arise from being away from home, and the feelings related to family and friends back home
- Stress and adjustment difficulties of students arriving from areas of international conflict

How it works

At our centre, we offer short-term psychological counselling. As opposed to long-term therapies, a short-term counselling process is more focused and goal-oriented, and it usually revolves around the most important or relevant problem you face in your current life situation. You can attend 1-6 sessions per academic year, and the sessions can help you clarify issues, identify effective strategies to cope, and you can begin to implement changes to see positive improvements in your life.

How to schedule an appointment

If you study at the Faculty of Informatics or if you are a BA/MA student of the Faculty of Law, then you should apply for counselling at your faculty's student support centre (see below). If you study at any other faculty of the university, you can register with the Counselling Centre by sending an email to us. In response to the email, we will send you a link where you can complete your registration. After that one of our psychologists will get in touch with you to schedule an appointment.

E-mail address for registration: counselling@ppk.elte.hu

You can read more about us on our website:

ppk.elte.hu/en/counselling

Locations

Counselling sessions are held at different campuses of ELTE. The psychologist contacting you to schedule an appointment will inform you about the exact location of the consultations.

Students of the Faculty of Informatics and the Faculty of Law

If you study at the Faculty of Informatics, you should contact the Student Support Centre as they provide a wide range of services on your campus.

Student Support Centre - website: dtk.elte.hu/main-page/

Faculty of Law

Students who study at the BA/MA level at the Faculty of Law and have an active student status can register for counselling via email.

International Peer-Counselling ORGANIZATION (IPCO)

E-mail address for registration: tanacsadas@ajk.elte.hu

The International Peer-Counselling Organisation (IPCO) is a student-led volunteer initiative dedicated to supporting the well-being of international students at ELTE. IPCO aims to create a supportive and inclusive community where students can connect, share experiences, and navigate the challenges of university life together. IPCO's mission is to promote mental well-being, raise awareness about student challenges, and provide accessible peer support throughout students' academic journeys at ELTE.

What do we do

- We offer one-on-one peer support conversations, as sometimes it helps to talk things through with someone who understands the student experience. During these conversations, you can reflect on your challenges, gain clarity about your thoughts and feelings, and receive support in a safe and non-judgmental environment.

For more information, visit our website:

sites.google.com/view/ipcoppk

Follow IPCO's social media for mental health tips and updates:

Career Guidance and COUNSELLING

ELTE, as students' alma mater, finds it essential not only to offer them quality education but also professional help with forming their careers. The ELTE Career Centre helps ELTE students plan their career sensibly and assists them in preparing for their professional activities after graduation.

Email: info@karrier.elte.hu

Website: karrierkozpont.elte.hu/services

- Our workshops, discussion groups, and community events provide opportunities for students to connect with fellow international students, share experiences and perspectives, and learn practical strategies for personal growth and well-being.

Talent Support AT ELTE

ELTE Talent Support

As the leading university in Hungary, ELTE has a long tradition of paying particular attention to supporting talented students. The ELTE Talent Support Council aims to help with your university studies, research work and performance at international conferences and preparation for the National Conference of Scientific Students' Association (OTDK). Therefore, each semester ELTE offers free training programmes in English. Students can choose from Presentation Skills and Poster Making or Essay, Study and Article Writing trainings. At ELTE, almost every degree programme has a Scientific Student Conference (TDK) that provide the opportunity for students to learn about the methodology of scientific research in practice. One of the best measures of the high standard of student excellence is the bi-annual National Conference of Scientific Students' Associations (OTDK).

The development of talented students is supported by a Fund established by the Talent Support Council, and students' research is assisted by various scholarships, travel grants, targeted TDK and OTDK training programmes.

For international students, **Travel Grants** are available, which support active participation in national and international academic competitions, conferences, and workshops based on online or in person attendance, or short research trips (covering travel costs, accommodation, and registration fees). These grants are recommended for students who can already present research or competition results.

The details of the travel grant and training are available on our website: elte.hu/en/talentsupport

Volunteering for Sustainability and Environmental Protection

ELTE Together for Environmental Consciousness (ELTE Együtt a Környezettudatos Szemléért, abbreviated as ELTE EKSZ) is a volunteer-based institutional sustainability programme that has been operating since 2008. It has been developed and run by students, employees, and volunteers. The organisers welcome university students and university employees. The mandatory 50 hours of School Community Service can also be accounted for by the environmental protection activities carried out here.

The basic activities of the movement are the following:

- Organising and conducting selective waste collection
- Developing attitude-forming campaigns
- Animal-Friendly University programme
- Gardening
- Running a DIY and craft workshop that uses waste as raw material
- The completion of the Environmentally Conscious University programme (including offices, departments, dormitories, etc.) examines the degree of environmental awareness.
- The sustainability programme has achieved significant results through the volunteer system: it operates 1,500 collectors, 100,000 litres of selective waste are collected per week, and approximately 35,000 litres of composting capacity are available, but the most significant result is that university citizens can join long-term volunteer projects, which means 50-200 volunteers per year.

Join us in driving sustainability forward—be part of the change!

Culture

EÖTVÖS ART ENSEMBLE

The Eötvös Art Ensemble consists of three cultural groups:

- Béla Bartók University Choir
- University Chamber Orchestra
- Folk Dance Ensemble

The groups consist of non-professional singers, musicians, and dancers, primarily current and former students, as well as lecturers at the University. The Head of the Ensemble is Maestro László Kovács.

The Choir was founded in 1948, the String Orchestra in 1957. The repertoire of the Ensemble comprises works by Baroque, Classical, and Romantic masters, as well as contemporary composers. The Orchestra regularly plays symphonies and concertos, while the choir performs a cappella pieces. However, the choir and the orchestra often perform oratorios together. They also have experience in crossing the borders between classical and popular music.

The Folk Dance Ensemble was established in 1957. It now boasts a repertoire including a wide range of folk dances of the ethnic groups living in the Carpathian Basin. The Ensemble is a prestigious amateur folk dance movement and was awarded Gold Grade at the last nationwide qualification. There are two groups, the beginner-intermediate group and the advanced group.

ELTE Museums and Natural Sites to Visit

ELTE Botanical Garden

The first Hungarian Botanical Garden was founded in 1771 by the predecessor of Eötvös Loránd University. The Botanical Garden boasts about 7,000 species and varieties of plants. The cactus, bromeliad, and orchid collections are especially rich. The arboretum with its 800 species of trees and bushes, as well as 500 types of floral plants are well worth a visit. As Nóra Waln said: *"Trees give peace to the souls of men"*

Address: Illés utca 25, H-1083 Budapest, Hungary

Website: fuveszkert.org

Tel: (+36-1) 314-0535

Opening hours: every day 9-17, from 1 April to 31 October

How to get there: by Subway No. 3 (Klinikák station),
by Bus No. 9 or Trolleybus No. 83 (Kálvária tér)

Biological and Paleontological Museum

The museum is located in South Buda, in the new building of the Faculty of Science, under an imposing pyramid roof. This university collection – which is unique in Hungary – demonstrates the evolution of mankind and the world's fauna with the relevant paleontological materials, full body replicas and anatomy.

Address: Pázmány Péter sétány 1/C, H-1117 Budapest, Hungary

Tel: (+36-1) 209-0555/8329 or 8645

Mineral and Rock Collection

The Collection was established in 1774. It is the oldest scientific artefact collection at the university and the biggest such mineral and rock collection in Hungary. The Collection contains about 1,000 mineral types and almost all rock types can be found here.

Address: Pázmány Péter sétány 1/C, H-1117 Budapest, Hungary

Tel: (+36-1) 209-0555/8328

E-mail: asvanytar@abyss.elte.hu

Nature Reserve and Open-Air Geological Museum of Tata

This special geological nature reserve was established on a 3.5-acre plot on Kálvária Hill in Tata in 1953. It has also functioned as an open-air geological museum since 1991.

The nature reserve displays the geological epochs, the flora and fauna of millions of years, as well as curiosities from botanical, cultural, and mining history.

It plays an important role in the education of Hungarian students of geology, cartography, geophysics, meteorology, environmental studies and geography.

The University was appointed as the trustee of this unique nature reserve in 1994, and with the financial help of the Environmental Fund it was transformed between 1995 and 1997.

Address: Fekete út 2, H-2890 Tata, Hungary

Tel: (+36-34) 381-587

Gothard Astrophysical Observatory

The University Observatory – founded in 1881 – is a modern research and educational base. The exhibition inside demonstrates the achievements of a new, blooming science in the 19th century through the original instruments and works of the founder, Jenő Gothard. With the inspiring help of the “genius loci” – the spirit of the place – internationally recognised research is performed here. The research includes the observation of light changes of magnetic stars, young emissive objects (T Tauri stars), and the perceptibly rapid changes in the atmosphere of high-mass hot stars.

Address: Szent Imre herceg utca 112, H-9707 Szombathely, Hungary

Tel: (+36-94) 522-870

E-mail: obs@gothard.hu

Website: gothard.hu

Stay connected - Join the ELTE INTERNATIONAL ALUMNI CHAPTER

Did you know that you can become part of ELTE's growing international alumni community? All students who spend at least one semester studying at ELTE—including exchange students and guest students who graduate from their home university—are welcome to join the ELTE Alumni Network. Even before that, you can enjoy the benefits of membership as a **pre-registered** alumni member.

Five Reasons to Register and Join the ELTE Alumni Network:

Access the **ELTE Online Alumni System**

- Enjoy discounts with the ELTE Alumni Card
- Reconnect with schoolmates and friends from ELTE
- Participate in various workshops and lectures
- Become part of an ELiTE global community.

ELTE International Alumni Chapter:

Former international students are invited to join the ELTE International Alumni Chapter. Once you apply, you will gain access to all the benefits the Alumni Network offers. **Membership is free of charge.** With the **ELTE Alumni Card**, international alumni can enjoy discounts on various university services and facilities.

The ELTE International Alumni Chapter organizes events for and with international alumni, including online workshops, lectures through the **ELTE Alumni Academy**, held throughout the year. The workshops are tailored to the needs of recent graduates and final-year students, covering topics such as:

- Starting your career
- Navigating the job market
- Personal and professional development

The Chapter also hosts **ELTE Alumni Get Together** events in various countries. These local networking events allow alumni to meet each other and connect with university representatives. They are a great opportunity to:

- Reconnect with fellow alumni
- Share memories of ELTE
- Strengthen your bond with the university

The **ELTE Alumni Ambassador Program** enables graduates to stay connected from their home country. We are building ELTE International Alumni communities around the world, each lead by dedicated Alumni Ambassadors. These communities offer local networking events and opportunities to reconnect with fellow graduates. If you are looking for new opportunities or want to reconnect with old friends, the **ELTE International Alumni Chapter** is the place for you.

About Hungary

Facts AND FIGURES

	Official name	Hungary
	State form	Republic
	Area	93,030 km ²
	Population	9,560,000
	Capital city	Budapest
	Official language	Hungarian
	Memberships	EU, NATO, Schengen Zone, UNESCO
	Currency	Forint (HUF)
	Time zone	CET (UTC+1)
	Date formats	yyyy.mm.dd
	Country calling code	+36
	Internet domain	.hu
	Name format	1. Family Name 2. First Name
	Weather	Continental climate, 4 seasons
	Summer	23 to 28 Celsius (average)
	Winter	-3 to -7 Celsius (average)

Public Holidays and HUNGARIAN TRADITIONS

1 January

New Year's Day: Hungarians eat lentil soup and pork, which is said to bring wealth and luck to the family for the whole year.

15 March

Anniversary of the 1848 Revolution and War of Independence

Hungarians wear a "Cockade" in the national colours attached to their coat above the heart.

Good Friday

A movable holiday, two days before Easter. It takes place between 20 March and 23rd April.

Easter Sunday and Monday

A movable holiday, taking place between 22nd March and 25th April. Men sprinkle women with perfume (in traditional cases with, a bucket of water), women give men chocolate eggs, painted eggs and, of course, "pálinka" (Hungarian spirits). Typical meals include ham, served with horseradish and boiled eggs.

1 May

Labour Day: May 1st marks Labour Day, an international celebration of workers' rights and solidarity.

Pentecost Sunday and Monday

A movable holiday celebrated on the 49th and 50th day following Easter Sunday.

20 August

Feast day of St. Stephen, Hungary's first king, the greatest national holiday, celebrated with all-day festivities followed by a spectacular firework display on the Danube.

23 October

Anniversary of the 1956 Revolution

1 November

All Saints' Day

25-26 December

Christmas On 24 December Hungarians celebrate Christmas Eve, a Christmas tree is decorated, families gather together. Typical meals on Christmas Eve include fish soup, stuffed cabbage, fried fish, beigli (a traditional walnut or poppy seed roll).

Hungarian Cuisine

Hungarian food is often considered rather spicy in Europe.

The most popular spices are paprika, black pepper, and onions. Potatoes are used in many dishes. Hungarians are also famous for using sour cream and other dairy products in their soups, desserts, stuffed pancakes, and vegetable dishes. White bread is popular accompaniment to Hungarian dishes.

A few dishes to taste in the country:

- **Fish Soup** – made of freshwater fish and paprika, served best in the city of Szeged.
- **"Gulyás" Soup** – a soup of meat and vegetables, seasoned with paprika and other spices.
- **"Pörkölt"** – a delicious, juicy meat stew, prepared from beef or pork, chopped onion, paprika and other spices. You can eat it with either boiled potatoes or noodles.
- **Stuffed cabbage** – cabbage leaves stuffed with rice and minced pork with spicy tomato.
- **Somlói dumpling** – whipped cream and chocolate with a creamy consistency.
- **Lángos** – deep fried flatbread, usually served with garlic, sour cream and cheese.
- **"Kürtőskalács" Chimney cake** – a strip of sweet dough wrapped around a baking spit, rolled in sugar.

Climate and Weather

Hungary has a typical continental climate with hot, dry summers and mildly cold snowy winters. There are four seasons in Hungary: winter (December, January, February), spring (March, April, May), summer (June, July, August), and autumn (September, October, November).

The average annual temperature is 9.7 °C. The average temperature in the summer is 23 to 28 °C, but temperatures can reach 38 °C on the hottest days in July and August. The average temperature in the winter is -7 to -3 °C and it can drop below -10 °C on the coldest days. Generally, the weather is warmest from May to September.

Geography

Hungary is a landlock country situated in the Carpathian Basin. Its two longest rivers are the Danube and the Tisza, which divide Hungary into three parts, so it is worth visiting the banks of these too. Hungary's highest point is Mount Kékes (1,015 metres) located in the Mátra mountain range. Two-thirds of Hungary's geographic area are less than 200 metres above sea level. The lowest point, near Szeged, is 77 metres above sea level.

Lake Balaton is the largest lake in Central Europe, 78 km long and between 3 and 14 km wide. Sometimes referred to as the 'Hungarian Sea', it is one of the biggest tourist attractions in the country; many Hungarians spend the summer holiday in one of the towns or villages by the lake.

World HERITAGE SITE

Hungary has eight world heritage sites, seven in the cultural, one in the natural categories:

Did You KNOW?

✓ Beware! Vampires ahead!

Although Vlad the Impaler (1431 -1476), more commonly known as Dracula, was born in the Kingdom of Hungary, he was in fact of Romanian origin. He was also imprisoned in the castles of Visegrád and Buda. Not actually for sucking blood, but for high treason. Interestingly, Hungarian actor Béla Lugosi became the most famous Dracula on the silver screen in the first half of the 20th century: his character was famous for his thick Hungarian accent and his line "I will suck your blood!"

✓ Hungarian language

The official language of Hungary is Hungarian, and it is one of the official languages of the European Union. Hungarians call their language "Magyar". It is a member of the Finno-Ugric language family and is not related to any of the languages in neighbouring countries. Hungarians tend to attach great importance to the uniqueness of their language; they are even proud of it. Hungarian can be considered an exception among European languages, primarily due to the fact that it does not belong to the Indo-European language family which includes most other European languages. Oh, and as for its type: Hungarian is an agglutinative language, meaning that endings are attached to words in a prescribed order – in layman's terms, we love long word monsters. Otherwise, Hungarian is rather politically correct. In fact, it does not know grammatical gender – there's no difference between *his* ball and *her* ball. It is a less known fact that Hungarian also loaned some words to the English language: coach (kocsi), hussar (huszár), itsy-bitsy (ici-pici) and sabre (szablya).

✓ Some inventions

If you ask a Hungarian to mention some Hungarian inventions, they will come up with a list that includes basically everything that is of any importance in the world, including computers and helicopters. Well, there is always some truth in these claims, but they tend to exaggerate. Here are some actual Hungarian inventions and discoveries though: the ballpoint pen (László Bíró), Rubik's Cube (Ernő Rubik), holography (Dénes Gábor), the safety match (János Irinyi), the concept of nuclear chain reaction (Leó Szilárd), the theory of the hydrogen bomb (Ede Teller), the electric motor (Ányos Jedlik), the cure for puerperal fever (Ignác Semmelweis), vitamin C, discovering the components and reactions of the citric acid cycle (Albert Szent-Györgyi), mRNA technology in immunology and therapies (Katalin Karikó).

✓ Hungary, ELTE, and the Olympic Games

Strangely enough for such a small country, Hungarians are ranked number ten in the All-Time Olympic Games medal table. fourth are very proud that six ELTE students participated in the 2016 Rio Olympic Games. One of them, the swimmer Boglárka Kapás, won a bronze medal in the Women's 800m Freestyle. Áron Szilágyi became the fourth fencer in the history of the modern Olympic Games since 1896 to win back-to-back individual gold medals, last time in 2020 in Tokio. Csaba Burján, a student of the ELTE Faculty of Science, also became an Olympic champion when he won a gold medal for Speed Skating in the 2018 Winter Olympics. Fanni Illés in 2020 become champion in swimming at the Paralympic Games Tokio. At the 2024 Summer Olympics the men's foil duelists beat the defending champions Japan in a fierce battle, giving Hungary its first men's foil team gold after a 52-year break. The team included Gergely Siklósi, an alumnus of the Faculty of Education and Psychology.

Hungarian names

In Hungary, as in China, Japan, and Korea, the so-called Eastern name order (family name followed by given name) is used. Interestingly, while Japanese and Hungarian names are usually reversed when individuals with such names are mentioned in Western countries (e.g. Puskás Ferenc becomes Ferenc Puskás), Chinese and Korean names, as well as the names of historical Japanese figures are usually left in the Eastern order (e.g. Mao Zedong).

Hungarians also celebrate name days. Each given name is assigned to one or more days in the calendar.

People usually give some minor gifts, like flowers or sweets, to each other on this occasion.

DA DA DA! Da da da da da da dadada dadada da da da da da dada!

Should you have not recognised the "lyrics" quoted above, we'll help you: it is the fanfare of the major American film studio 20th Century Fox. It was founded by William Fox (born as Vilmos Fried in Tolcsva, Hungary), a Hungarian Jew. Adolph Zukor, founder of Paramount Pictures, and Michael Curtiz, Hungarian film director, are two more founders of Hollywood filmmaking. Other Hungarian-born figures that were present at the birth of Hollywood are actor Béla Lugosi and director George Cukor.

Recently, it seems Hungarian films have done well in the film award seasons. In 2016, László Nemes Jeles with his debut feature film, "Son of Saul" ("Saul fia" in Hungarian) won the Academy Award for Best Foreign Language Film. The next year, Kristóf Deák's film "Sing" ("Mindenki" in Hungarian) won the 2017 Academy Award for "Best Live Action Short Film". "On Body and Soul" ("Testről és lélekről" in Hungarian), written and directed by Ildikó Enyedi, won the Golden Bear in the 67th Berlin International Film Festival. At the 96th Academy Awards in 2024 Zsuzsa Mihalek, the set designer of "Poor Things", alongside her British production designer-coworkers, was honored with the Academy Award for Best Production Design.

The Renaissance of Hungarian wine-making

If you are from a country that has no wine-making traditions, you'll surely be surprised to find that you can purchase good quality bottled wines here for as little as 1,500 HUF. Hungary's internationally best-known wine is probably the white dessert wine Tokaji, but there are many more wine regions in the country, such as Badacsony, Eger, Szekszárd, and Villány. "Fröccs" (spritzer), a mixture of wine and soda water, has recently become popular again. It is a true Hungarian speciality. Depending on the ratio of wine to soda water, there are various types of "fröccs" drinks. The name of the "fröccs" reflects the proportion of wine.

Here are some examples:

"Kisfröccs": 1 dl wine + 1 dl soda water

"Nagyfröccs": 2 dl wine + 1 dl soda water

"Hosszúlépés": 1 dl wine + 2 dl soda water

"Házmester": 3 dl wine + 2 dl soda water

"Viceházmester": 2 dl wine + 3 dl soda water

Living in Budapest

Famous Sights IN BUDAPEST

Buda Castle Hill

The Castle Hill, which houses the Royal Palace, the Fisherman's Bastion, and Matthias Church, is easily visible from everywhere in Budapest. Exploring the beautiful buildings and cobblestone streets in the Castle District can take an entire day, but it is time well spent. The Royal Palace, rebuilt in Neoclassical style in the place of the once-famous medieval palace, is home to the Hungarian National Gallery, the Budapest History Museum, and the National Széchényi Library. The Fisherman's Bastion is one of the most fascinating sights on the Castle Hill. Although fishermen from Watertown reputedly defended this part of the city during the Middle Ages, the Fisherman's Bastion was built in the 1890s for purely decorative purposes.

Chain Bridge (Lánchíd)

The Chain Bridge was the first bridge to permanently connect Buda and Pest. At the time of its completion, the Chain Bridge was one of the wonders of the world. Crossing the bridge is just a short walk, and no matter which direction you go, the view is beautiful.

Opera House (Operaház)

The Opera House is not only one of the most significant artistic monuments of Budapest, but also the symbol of the Hungarian operatic tradition. Designed by Miklós Ybl, a major figure of 19th century Hungarian architecture, the construction lived up to the highest expectations. Ornamentation included paintings and sculptures by the leading figures of contemporary Hungarian art: Károly Lotz, Bertalan Székely, Mór Than, and Alajos Stróbl. Many renowned artists were guests here, including Gustav Mahler, the composer who directed the institution from 1887 to 1891 and who established the international prestige of the institution.

Heroes' Square (Hősök tere) and City Park (Városliget)

Heroes' Square is the largest and most impressive square in the city. The Millennium Monument standing in the middle of the square was erected in 1896 to commemorate the 1000th anniversary of the Hungarians' arrival in the Carpathian Basin. The Museum of Fine Arts (Szépművészeti Múzeum) is located on the northern side of the square. The Hall of Art, an exhibition hall for contemporary art, is on the southern side. The City Park, which is just behind the square, provides a refreshing escape from the bustle of the city. The 1896 Millennium Celebrations took place here, leaving many attractions behind. Vajdahunyad Castle was built to exemplify various architectural styles of Hungary, and has Romanesque, Gothic, Renaissance, and Baroque elements. There is a boating lake next to the castle, which is turned into an ice-skating rink in winter.

Margaret Island (Margit-sziget)

Margaret Island now serves as a recreational park in the middle of the Danube. It is a great place to take a walk, swim a few laps, or go for a run. During the summer months, bicycles are also available for hire. Since vehicles are prohibited, the island is a fantastic place to escape from the city's traffic.

Central Market Hall (Központi Vásárcsarnok)

The spectacular Central Market Hall is a good place to buy Hungarian products. You can also stop by for a quick bite of traditional Hungarian food when touring the city. Shop with the locals for meat, cheese, fruits, vegetables, and pastries.

Andrássy Avenue (Andrássy út)

This elegant avenue, recognised as a World Heritage Site, is often referred to as the Champs-Élysées of Budapest. It is also called a cultural avenue, as the Opera House, the Liszt Ferenc Academy of Music, and several museums and theatres are located on the avenue or nearby.

Váci Street and Vörösmarty Square (Váci utca and Vörösmarty tér)

Váci Street is perhaps the most famous street in Budapest. It runs from Vörösmarty Square to the Central Market Hall and features a large number of restaurants, shops, and cafés. Vörösmarty Square, located at the heart of Budapest, is always busy. This is where the famous Gerbeaud Café, as well as one of the terminuses of the Millennium Underground, can be found.

The Hungarian National Assembly (the House of Parliament) (Országház or Parlament)

The Parliament building, a magnificent example of Neo-Gothic architecture, is just over 100 years old. It is the third largest Parliament building in the world and also home to the Hungarian Crown Jewels. Guided tours start from the Visitor Centre, located next to the northern façade of the building, which is open daily from 8 a.m. to 4 or 6 p.m., depending on the season. Visits to the House of Parliament are restricted when the National Assembly holds its plenary sessions.

For further information, visit one of the Tourinform offices (e.g., the Tourinform Center close to Deák Ferenc Square, address: 1052 Budapest, Sütő utca 2), where you can pick up free brochures, city maps, and guidebooks.

Hungarian Tourism Agency: visithungary.com

Green Areas IN BUDAPEST

With the City Park and the Margaret Island mentioned in the former section, we have already given you some examples of nice parks in Budapest – these are the two most popular, and the biggest. As visiting these beautiful, comforting places is a good way of raising one's spirits, and the parks can be important places for our students to "recharge" in the busier periods of university life, we would like to give you some more examples:

Népsziget (People's Island)

Budapest's most northerly park is the perfect place to cycle, run, picnic or just take a long walk in complete tranquility.

Római-part (Roman Shore)

Located in the northern part of Buda, this is one of the most popular waterfront recreation spots

Városmajor

Just a few minutes from the centre of Buda; here you can relax, do sports, or join one of the colourful programmes on offer.

Orczy Park

Located between Klinikák and Nagyvárad Square, this is the perfect place for everyone: there's a running track, a lake, playground, and some space to picnic in the shade of the trees.

Kopaszi Dam

Home to vast green spaces, restaurants and cafés, it is located in the Lágymányos Bay in South Buda.

Olympic Park

Between Kossuth Square and Jászai Mari Square, there is a real community space where you can picnic, relax, play sports and games.

Feneketlen-tó (Bottomless Lake)

One of Újbuda's most popular recreational areas, which lies between Kosztolányi Dezső square and Móricz Zsigmond square.

Millenáris Park

A park next to the Mammut shopping centres with a thousand faces, which can be thought of as an outdoor cultural centre or community space.

Bikás Park (Bulls' Park)

One of the greenest corners of Újbuda, named after its bull sculptures.

Arrival in BUDAPEST

AIRPORT

Budapest Airport, officially called Budapest Liszt Ferenc International Airport (former name: Ferihegy) is the main international airport in the country. It is situated approximately 20 km south-east of the city centre. **Website:** bud.hu.

How to reach the city centre from Budapest International Airport?

Bus 100E takes passengers from the Airport to Deák tér and back. The bus service operates around the clock, seven days a week:

every 6-10 minutes on Mondays and Fridays, during the day

every 7-10 minutes on Tuesdays, Wednesdays, Thursdays, Saturdays and Sundays, during the day

every 10-15 in the mornings and evenings

every 30-40 minutes on average at night

Passengers may get off the bus on the way to Deák tér at Kálvin tér and Astoria stations.

PLEASE NOTE! A special ticket called Airport Shuttle Bus Single Ticket must be purchased for bus 100E for HUF 2,500 – other tickets or season tickets are not valid for this service. You can buy this ticket on the Budapest Pay&GO device with bankcard on board or via the BudapestGO app, which can be used for buying further tickets and for journey planning.

Bus 200E takes passengers to Kőbánya-Kispest underground/metro station (line M3) from the Airport and back. From the Kőbánya-Kispest metro station, passengers can take the M3 metro towards Újpest Központ to reach the city centre. It is possible to change for metro lines M1 and M2 at Deák Ferenc tér station in the city centre.

Tickets for public transportation (such as bus 200E) priced 500 HUF are available at the Airport from BKK at the customer service points, the post office, the newsagents (Relay), and the ticket machines at the bus stop. It is also possible to purchase a ticket from the bus driver for 600 HUF. The post office is located on the mezzanine level in Terminal 2A, where 24-hour, 72-hour, weekly, and monthly travel passes for Budapest public transport are also available. Newsagents only sell single tickets, 10-piece ticket booklets, and short section tickets.

BudapestGO APPLICATION

(You can download the app from Google Play or from the App Store)

Use the application to plan your journey in Budapest using BKK public transport services.

All operating buses, trams, and trolleybuses are displayed on the map.

On the nearby departures screen, the app collects departing routes from stops in the area, which will start in the near future.

By clicking on a stop on the map, real-time upcoming departure times and the full timetable for that stop are shown.

You can mark a place or a stop as a favourite in order to access it more quickly.

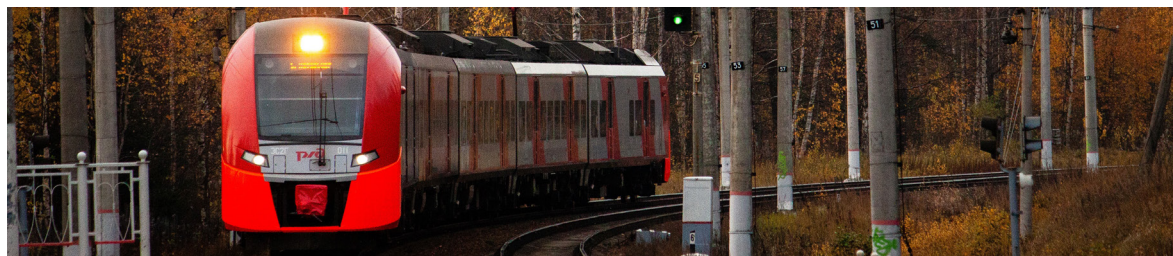

RAILWAYS

Hungarian State Railways (Magyar Államvasutak or MÁV) is the national railway company in Hungary.

There are three international railway stations in Budapest:

- Eastern Railway Station or Keleti pályaudvar (1087 Budapest, Kerepesi út 2-4)
- Western Railway Station or Nyugati pályaudvar (1062 Budapest, Teréz körút 55)
- Southern Railway Station or Déli pályaudvar (1013 Budapest, Krisztina krt. 37/A)

Each railway station is part of the Budapest underground railway network ("metró" in Hungarian). The Southern and Eastern Railway Stations are situated at metro stations along line M2 (Red Line) and Western Railway Station is situated on metro line M3 (Blue Line).

More than fifty trains provide direct links between Budapest and twenty-five other European capitals. Direct trains to Vienna run every one or two hours, departing from Budapest between 5.40 a.m. and 8.40 p.m.

Timetables: mavcsport.hu/en

INTERNATIONAL AND DOMESTIC COACH SERVICE

VOLÁNBUSZ operates most of the international and domestic coaches from Budapest, and also the regional lines and those crossing the agglomeration. During the day, there are coaches every hour or more often in the direction of Eger, Salgótarján, Gyöngyös, Jászberény, Kecskemét, Székesfehérvár, Veszprém and Tatabánya, and there are many lines to the Mátra Mountains, the Great Plain, Lake Balaton, and other destinations.

Website: volanbusz.hu/en

The main International Coach Station is situated at Népliget, on metro line M3 (1091 Budapest, Üllői út 131). To find specific connections, please check the websites of the main international coach companies (e.g. EUROLINES, Flixbus, or Student Agency).

PASSENGER VESSELS ON THE DANUBE

Hydrofoil services operate during the summer months (from April to October) linking the heart of Budapest with Vienna and Bratislava. International moorings on the Danube in Budapest are located between Lánchíd (Chain Bridge) and Szabadság híd (Liberty Bridge).

DRIVING

All motorways and most of the main roads radiate from Budapest. Most motorways are toll roads, so you have to buy e-vignettes that are available at the border, at larger petrol stations, or [online](#). Road signs conform to continental standards. It is mandatory to wear seatbelts in both the front and back seats, and drivers may not use mobile phones while the vehicles are in motion. The alcohol limit is zero. Speed limits are 50 km/hour (31 mph) in built-up areas and 90 km/hour (56 mph) elsewhere, except on dual carriageways (110 km/hour, 68 mph) and motorways (130 km/hour, 80 mph).

Getting Around IN BUDAPEST

Budapest has an efficient, diverse, and low-cost transportation network, including buses, underground railways, trolleybuses, trams, suburban railways (HÉV), and boat services. The Centre for Budapest Transport (Budapesti Közlekedési Központ, BKK) is responsible for the main transport services in Budapest (including the bus, tram, metro, suburban railway and trolleybus networks) in an integrated system. BKK Customer Service Offices can be found in and around Budapest Airport, major train and subway stations and the city centre.

Transportation tickets and passes

If you want to use public transportation, keep in mind that you must have a valid ticket or pass. Tickets are available all around the city at metro stations, tram stations or street kiosks. Once you have a ticket or pass, you can use it on the whole network, regardless of the service. Exceptions are: Danube public boat services at weekends, the Buda chairlift, and the Castle Hill Funicular services. Note that Budapest Passes (such as the BKK Monthly Student Pass) are only valid within the administrative borders of Budapest; you might need to purchase additional tickets if you intend to travel to neighbouring municipalities using the bus or suburban railway services. As for single tickets, you need to validate a new ticket for each journey. If you are in hurry, single tickets are available from the bus/tram driver at a higher price.

You can also download the “Közlekedési Mobiljegy” app with which you can easily purchase your monthly pass (with a credit card). The app has an English menu and you can open the pass on your phone when needed.

Ticket types and prices (July 2026):

- Single ticket: 500 HUF (600 HUF if purchased from the driver)
- Monthly Budapest passes for students: 945 HUF (with valid Hungarian student ID), 3,450 HUF (with a valid EU student ID)

Note! Passengers travelling without a valid ticket or pass can be fined. Ticket inspectors are liable to appear on board at any time. The fine is HUF 12,000 on the spot; 25,000 HUF if paid afterwards using a postal cheque. You can only access the subway network upon presenting your ticket or pass.

Buses

Budapest has more than 200 bus routes covering most of the inner city and suburban areas. Some routes offer an express service, indicated with an “E” following the bus number. On the main routes, services are available even at night.

Subways

The Budapest subway network has four lines:

- M1 or the Yellow Line: between Vörösmarty tér and Mexikói út
- M2 or the Red Line: between Déli pályaudvar and Örs vezér tere
- M3 or the Blue Line: between Újpest Központ and Kőbánya-Kispest
- M4 or the Green Line: between Kelenföld vasútállomás and Keleti pályaudvar

The Yellow Line is the oldest subway line in Hungary and also in mainland Europe. It was opened in 1896 for the Millennium celebrations. The newest line is the Green Line which was opened in 2014. All Subways run from 4.30 a.m. until 11.30 p.m. - the M2, M3 and M4 lines are operating longer, especially during the weekends. However, the exact hours are not finalized. Please, check the timetable when planning your journey.

Suburban railway (HÉV)

The suburban train service of Budapest (HÉV) connects Budapest with the suburban areas. A popular journey for tourists is from Batthyány tér to Szentendre. Keep in mind that if you leave the area of Budapest, you need to purchase an additional ticket to your destination in the suburbs. These suburban single tickets cannot be purchased in the BudapestGO application – but in the MÁV application **Website:** mavcsoport.hu

There are some suburban areas, or other areas outside of Budapest, which you can reach by bus - in this case you should buy the ticket on the bus, or from a machine at the stop.

Website: volanbusz.hu/en

To avoid any issues when leaving Budapest, you can also purchase a monthly **Pest County Pass**, valid in Budapest and surrounding Pest County.

If you plan to travel outside the county, you can also buy a **Hungary Pass**, which is valid for almost all BKK services, suburban and regional buses, HÉV suburban railways and selected trains throughout the country. These special passes are available both in the BudapestGO and the MÁV applications. Pest County Pass with student discount is available with a valid Hungarian student ID. Hungary Pass with student discount is available with a valid Hungarian student ID

Taxi

You can always hail a cab in the street, but it is cheaper to book one on the phone, online or with apps. You should avoid hailing unmarked taxis. Even if they have a taxi sign on the roof and are seen standing at taxi ranks, do not get in the car unless they have a company name on the outside of the car. Since September 2013, every taxi has been uniformly yellow in Budapest.

Car-sharing services in Budapest

Car-sharing services are also available in Budapest. They provide a new, convenient, fast, and environment-friendly means of transport. Electric cars are available at many points of the city, you just need to download an app and register for the service.

Biking in Budapest – The MOL Bicycle-Sharing Network, BUBI

MOL Bubi is a bicycle-sharing network in Budapest. The apple-green bikes can be hired from and returned to any docking station found at major transport hubs in the city centre. Currently 5,000 bikes can be hired from 222 docking stations in the centre of Budapest.

Website: molbubi.hu

Night buses

The night transport service in Budapest is one of the best in Europe. You will find that you can get anywhere in the city using night buses. Night buses usually start at midnight and run until 4 a.m. every night. The numbering of night buses starts with No. 9.

Note that some night buses on very busy lines run quite often (every 10 or 15 minutes), but lines running to the suburbs run only once or twice an hour.

Website: bkk.hu

SAFETY

Hungary is generally a safe country, and people in Hungary are hospitable. Violent crime is relatively rare in Budapest, but pickpockets may be active on public transport vehicles, in crowded shops, food markets, and popular tourist venues.

A few tips:

- Wallets should not be kept in the back pockets of your trousers or in the outside pockets of your bag.
- Keep your money, documents, mobile phone safe and secure in an inside pocket.
- Passports and travel documents should be kept in a safe place.
- Do not show your cash, particularly large banknotes, unnecessarily in public places.
- In general, do not do anything that you would not do in your own country.

EMERGENCY NUMBERS

- Ambulance: **104**
- Police: **107**
- Fire Brigade: **105**
- European Emergency Number: **112**

Pharmacies and HOSPITALS

Pharmacies (gyógyszertár):

Pharmacies are usually open until 8 p.m., but some are open around the clock with dispensing chemists on night duty. Note if you go to a pharmacy in the evening or during the night, you have to go to a special window and sometimes ring a bell too.

Here is a list of some 24-hour pharmacies:

City centre:

Teréz gyógyszertár: 1067 Budapest, Teréz körút 41

Other districts:

Óbuda gyógyszertár: 1032 Budapest, Vörösvári út 84

Elefánt gyógyszertár: 1101 Budapest, Pongrácz út 19

Déli gyógyszertár: 1123 Budapest, Alkotás út 1/B

Örs vezér gyógyszertár: 1148 Budapest, Örs vezér tere 23

Nagyicce gyógyszertár: 1163 Budapest, Veres Péter út 11/B

Thököly gyógyszertár: 1183 Budapest, Thököly út 3

Hétkorona gyógyszertár: 1195 Budapest, Ady Endre utca 122

Tília gyógyszertár: 1212 Budapest, Görgey Artúr tér 8

Hospitals (kórház)

Merényi Gusztáv Kórház

1097 Budapest Gyáli utca/út 17-19

Péterfy Sándor utcai Kórház

1076 Budapest, Péterfy Sándor utca 8-20

Szent István Kórház

1097 Budapest, Nagyváradi tér 1

Szent László Kórház

1097 Budapest, Albert Flórián út 5-7

Szent Imre Kórház

1115 Budapest, Tétényi út 12-16

Uzsoki utcai kórház

1145 Budapest, Uzsoki utca 29-41

General Cost of LIVING

Hungary is considered an affordable country compared to Western Europe. Still, please be careful about your expenditure, because living in Budapest is getting more and more expensive. Especially on the main tourist sites, the city offers a huge variety of bars, restaurants, and shops with high prices. You just need to take a short walk from the centre, and you will find places with more reasonable prices. Considering the different expenditures, you can calculate with the following rate: 1 EUR = approx. 355 HUF (July 2026).

Paying Taxes in HUNGARY

If you study at ELTE with a Hungarian governmental scholarship (e.g. Stipendium Hungaricum), you are required to apply for a Tax Card after your arrival in Hungary. You need to request a Tax Card in person at the National Tax and Customs Administration (Nemzeti Adó- és Vámhivatal). The first application for a Tax Card is free of charge. You will need to take your passport with you. You need to pay taxes if you have a job in Hungary or you receive any other income from any source in Hungary.

Website: elte.hu/en/student-finances/tax-card

Banking in HUNGARY

If you study at ELTE with a Hungarian governmental scholarship (e.g. Stipendium Hungaricum), you are required to open a Hungarian bank account where your scholarship will be transferred.

You are free to choose any bank that will accept your application. That is a private business decision for the bank. Before opening a bank account, the bank needs to get to know its potential clients. This may require more care in assessing bank account requests from non-residents. Some banks may, therefore, have a policy not to accept non-resident customers.

To open a bank account, you must present your passport and another identification document (such as a driver's license, tax card, etc.). If you are a non-EEA student, it is usually necessary to have a valid residence permit and address card to open a bank account, although some banks

allow foreigners to open an account on presentation of a passport. In Hungary, banks are typically open on weekdays from 8 a.m. to 4 p.m. Banks are not open on Saturdays, except for some branches in shopping centres.

If you need help opening a bank account, you can ask your mentor to assist you.

Automatic teller machines (ATMs)

ATMs can be found all over Hungary and Budapest. Hungarian banks charge a commission on the use of ATMs. Note that higher fees might apply for using an ATM that is not operated by the bank that issued your bank card.

You do not need to worry about exchanging Hungarian Forints before your arrival and carrying cash. ATM machines are widely available in major cities, and they accept Visa and Mastercard debit cards.

Postal and Telephone SERVICES

Magyar Posta (the Hungarian Post Office) is the postal administration of Hungary. Besides normal mail delivery, Magyar Posta also offers logistics, banking, and marketing services.

Typically, you can post a letter at a post office, or you can just drop it, properly stamped, into a post-box in the street. You can easily find post offices in Budapest and the main branches are usually open until 8 p.m. As with post offices, always check when the postbox is emptied.

The country code for Hungary is 36. Calls to international destinations are in the format 00 + country code + number. On mobile phones, + can be used instead of 00.

Mobile phone use is very widespread in Hungary. There are three main service providers in the country: Telekom, Yettel, and One. There is no major difference in the mobile phone tariffs, but fees per minute within the same network are typically cheaper, so you might want to join the same provider as your friends use. You can choose either a pre-paid or a monthly payment system for phone usage.

At the beginning of each semester, ESN ELTE and the SH mentoring network helps new international students to obtain a Hungarian SIM card shortly after their arrival.

Shopping

There are plenty of opportunities for shopping in Budapest. Most stores are open from Monday till Saturday between 8 a.m. and 7 p.m. and, on Sunday between 10 a.m. and 6 p.m. Shopping centres have longer opening hours from Monday till Sunday, between 10 a.m. and 8 p.m. On public holidays, all shops are closed. You can find the following supermarket chains in Hungary: Spar, Tesco, Lidl, Aldi, CBA, Coop.

Food markets (like the Central Market Hall) are the best places if you want to buy fresh fruit or vegetables at a reasonable price. They are open from Monday till Saturday between 6 a.m. to 6 p.m. Many locals do their shopping there.

One of the main and most famous shopping areas in Budapest is Váci street. It is a shopping promenade, which runs from Vármház körút (Central Market Hall) to Vörösmarty square, with a large number of fashionable shops, restaurants, and cafés. Andrassy Avenue can offer another great shopping experience if you have a higher budget. It is a place where famous designer shops (like Gucci, Armani, Louis Vuitton, Dolce & Gabbana) can be found.

If you want to purchase unique gifts, there are numerous art shops in the city centre. Budapest has an expanding design community. Király utca, also known as the Design Street in Budapest, is filled with interior design and furniture stores, funky boutiques, and modern art galleries.

Cultural Programmes in BUDAPEST

Budapest has a rich and varied cultural life. We have collected the most important current places of Hungarian culture for you.

Cinema

Hungarians like the cinema. Budapest is full of opportunities to watch a good movie. You just need to choose whether it will be a classic Hollywood or art movie, in a 3D or art cinema, dubbed or subtitled. Ticket prices range from 2,500 to 3,500 HUF. If you present your student card, you are eligible for a discount ticket price.

If you want to watch the most popular Hollywood movies, you should go to one of the cinemas belonging to the "Cinema City" (cinemacity.hu) chain. There is a Cinema City in almost every major shopping centre.

Art cinemas not only offer movies but also act as a meeting point where you can drink a coffee or beer with your friends.

Here are the most popular art cinemas in Budapest:

- Művész Cinema 1066 Budapest, Teréz körút 30 muveszmozi.hu
- Puskin Cinema 1053 Budapest, Kossuth Lajos utca 18 puskinmozi.hu
- Toldi Cinema 1052 Budapest, Bajcsy-Zsilinszky út 36-38 toldimozi.hu
- Uránia National Film Theatre 1088 Budapest, Rákóczi út 21 urania-nf.hu

Theatre

Budapest offers a huge selection of excellent plays during the theatrical season (September- May). Plays in foreign languages are regularly staged at the following theatres:

- Budapest Operetta Theatre: operett.hu
- Jurányi: juranyihaz.hu
- Trafó: trafo.hu/en

Museums and Art Galleries

The museums in Budapest offer a wide variety of exhibitions: you need never be bored in the city. Museums are open from Tuesday till Sunday between 8 a.m. and 6 p.m. If you present your student card, you are entitled to a discount ticket price. Here are some of the most famous museums in Budapest:

The Hungarian National Museum collects archaeological, historical, ethnic objects on the history of Hungary and the Carpathian Basin. It is one of the oldest and largest museums in Hungary.

Website: mnm.hu

The Museum of Fine Arts was founded in 1896 and opened in 1906. The museum's collection consists mostly of international works of art, including over 120,000 items from all periods of European art.

Website: szepmuveszeti.hu

The Hungarian National Gallery was established in 1957 as the national art museum. It is located in the Buda Castle in Budapest. It has the largest public collection documenting and presenting the rise and development of fine arts in Hungary.

Website: en.mng.hu

Ludwig Museum – Museum of Contemporary Art collects and displays masterworks of modern and contemporary art. The permanent collection contains valuable pieces of American pop art (Andy Warhol, Claes Oldenburg, Robert Rauschenberg etc.).

Website: ludwigmuseum.hu/en

Hall of Art (Műcsarnok) is the centre of contemporary Hungarian fine art, and a key institution in the formation of an artistic canon. It is a national institution with the mission of exhibiting the most significant trends of both contemporary Hungarian and international fine art in Budapest.

Website: mucsarnok.hu

The House of Terror Museum is a museum and a monument at No. 60 Andrásy Avenue, the former headquarters of the communist secret police (ÁVH). Its exhibitions commemorate the victims of the fascist and communist regimes in Hungary in the 20th century, including those detained, interrogated, tortured or killed in the building itself.

Website: terrorhaza.hu/en

The main goal of the Hungarian House of Photography in **Mai Mano House** is to provide a venue for Hungarian, international, historical, and contemporary photo exhibitions.

INTERNATIONAL DEGREE PROGRAMMES AT ELTE

Study programmes	Preparatory year: 1 year	Bachelor's: 3 years	Master's: 2 years LL.M.: 1 year
Economics			
Finance and Accounting		✓ (7 semesters)	
International Business Economics		✓ (8 semesters)	
Education and Psychology			
Pedagogy		✓	
Psychology		✓	✓
Computational and Cognitive Neuroscience			✓
Educational Science			✓
Human Resources Counselling			✓
Social Integration			✓
Humanities			
Foundation Course in English – General English	✓		
Intensive Hungarian Foundation Course	✓		
English and American Studies*		✓	
Germanic Studies, Specialized in German Studies*		✓	
Germanic Studies, Specialised in Netherlandistic Studies*		✓	
Hungarian*		✓	
Romance Philology and Cultures, Specialised in French Studies*		✓	
Romance Philology and Cultures, Specialised in Italian Studies*		✓	
Romance Philology and Cultures, Specialised in Portuguese Studies*		✓	
Romance Philology and Cultures, Specialised in Romanian Studies*		✓	
Romance Philology and Cultures, Specialised in Spanish Studies*		✓	
American Studies*			✓
Archaeology			✓
Assyriology			✓

Study programmes	Preparatory year: 1 year	Bachelor's: 3 years	Master's: 2 years LL.M.: 1 year
Buddhist Studies			✓
Bulgarian Language and Literature*			✓
Central European Studies			✓
Chinese Studies (in English)			✓
Chinese Studies (in Chinese)*			✓
Communication and Media Studies			✓
Croatian Language and Literature*			✓
Cultural Heritage Studies			✓
Czech Language and Literature*			✓

Appendix E:

UNIVERSITY DICTIONARY

Departments and representatives	
(state) university	(állami) egyetem
rector	rektor
vice-rector	rektorhelyettes
chancellor	kancellár
vice-chancellor	kancellárhelyettes
(full) professor	egyetemi tanár/professzor
assistant lecturer	tanársegéd
assistant professor	adjunktus
associate professor	docens
visiting lecturer	meghívott előadó
research fellow	tudományos munkatárs
faculty	kar
dean	dékán
vice-dean	dékánhelyettes
department	tanszék
head of department	tanszékvezető
(Student Affairs and) Registrar's Office	tanulmányi hivatal
academic registrar/head of registrar's office	tanulmányi hivatalvezető
(faculty) international (relations) office	(kari) nemzetközi (kapcsolatok) iroda
head of international office	nemzetközi irodavezető
(faculty) international coordinator	(kari) nemzetközi koordinátor
First steps and information	
visa application/procedure	vízum ügyintézés
residence permit	tartózkodási engedély
National Directorate-General for Aliens Policing	Országos Idegenrendészeti Főigazgatóság
student (identity) card/student ID/student certificate	diákigazolvány
(private) health insurance	(magán) egészségbiztosítás
certificate of student status	hallgatói jogviszony igazolás
accommodation	szállás
contract of lease	bérleti szerződés

Being a university student	
state-funded student	állami ösztöndíjas hallgató
self-funded/self-financed student	önköltséges/fizetős hallgató
tuition fee	tandíj
scholarship [received for a period after submitting an application], stipend [received monthly]	ösztöndíj (pályázat alapján egy időszakra kapott ill. havonta kapott)
scholarship/stipend holder	ösztöndíjas hallgató
scholarship/stipend agreement	ösztöndíj szerződés
Studying at the university	
orientation week	orientációs hét
admission	felvétel
enrolment, registration	beiratkozás
preparatory year	előkészítő év
bachelor('s degree), first degree, undergraduate level	alapképzés/alapfokozat
master('s degree), graduate level	mesterképzés/mesterfokozat
one-tier programme (leading to a master's degree)	osztatlan képzés
PhD/doctoral course, doctorate	doktori képzés
summer school/ university	nyári egyetem
academic year	tanév
semester	félév/szemeszter
course	kurzus
curriculum	tanterv
exam	vizsga
exam period	vizsgaidőszak
study period, term-time	tanulmányi/szorgalmi időszak
autumn/winter/spring/summer break	ősz/téli/tavaszi/nyári szünet
absolutorium/ pre-degree certificate [a certificate stating that all courses have been completed]	abszolutorium
(degree/MA/MSc) thesis	diplomamunka
thesis defence	diploma/disszertáció védés
(university) degree (certificate)	(egyetemi) diploma
doctoral/PhD thesis	doktori disszertáció
doctoral/PhD comprehensive examination	doktori szigorlat

For further official ELTE terminology, please refer to the **Academic Regulations for Students**.
