Our doctoral program comprises of both course-based and research-based elements. The aim of the doctoral program is to enable students to conduct research in accordance with the common national and international standards in pedagogy. Academic research competencies of students are to be developed in order to enable them to carry out solid research, write and defend dissertations, and be prepared for working in tertiary education or research centres. Therefore, the credits students have to earn during their studies are divided in the following proportion: 58% for courses, 26% for academic research, and 16% for teaching in tertiary education.
Select your doctoral program:

→ Adult Learning and Education
→ European Doctorate in Teacher Education (EDiTE)
→ Special Education
→ Language Pedagogy
→ Sports and Health Promotion Program

Career prospects:

The PhD title enables the candidates to be engaged in extensive research programs as well as to teach at the higher education level.
